

VESUVIUS IS AGAIN RAMPANT

Terrible Beauty of Eruption Beggars Description

NAPLES IN SERIOUS DANGER

LAVA STREAMS CONTINUE TO FLOW DOWN MOUNTAIN SIDE

The Loss of Life Will be Appalling When the Total Becomes Known.

Naples, April 11.—The eruption of Mount Vesuvius, which has already cost hundreds of lives, driven thousands of persons from their homes and wrought untold havoc and destruction, is again in full blast. The violence of the volcano seems to exceed that of previous days and the alarm among the people of the entire region is consequently very great.

With the temporary lull which came for a short time yesterday, when the suffering victims of the eruption had an opportunity to catch a fleeting glimpse of the sun through a clear sky, the hopes of the populace were aroused to believe that the worst was over and that in a few days at the most the volcano would quiet down to its normal condition. Now that the physical gloom has returned, shutting out the sun from view and filling the air with poisonous fumes, the hopes of the people have naturally sunk again. The violence of the volcano seems to be increasing. The showers of ashes are falling thicker than ever and they are falling over a widely extended area.

The town of Ottajano has been completely abandoned by the former inhabitants and the lava ashes and sand have been given hand to work the destruction of the remaining houses and devastate the surrounding country in their own way.

At Torre Annunziata on the other hand affairs are resuming their normal condition so far as is possible after the destruction which has been wrought. At Bosco Treccase lakes of lava have formed in the village and in the surrounding country.

Many tourists are arriving here to witness the spectacle of the most active eruption which has occurred in many years.

As additional reports in regard to the disaster arrive the number of casualties steadily increases. It is now estimated that at least 2,000 lives have been lost as the direct result of the eruption. Already 300 bodies have been found and every hour adds to the number. The damage to property and the loss caused by the devastation of great tracts of fertile lands where the vineyards have been permanently destroyed is estimated at fully \$80,000,000.

Sarno, an industrial center to the eastward of the volcano, has been overwhelmed by the cinders and lava. The village of San Gennaro has also been wrecked by the streams of lava which have invaded the hamlet. The lava is now attacking the town of Torre Del Greco to the southwest of the volcano. Houses are slowly being destroyed, collapsing as the burning flood reaches them. Many deaths are reported to have occurred at both Sarno and San Gennaro.

At Somma, the cinders and ashes lie in the streets six feet deep and at San Giuseppe the debris from the volcano reaches to the third story of the squatteries. Over 100 bodies have already been recovered from the ruins

of the church which collapsed and the houses in this town.

One of the saddest features of the catastrophe is that the suspension of railroad traffic makes it impossible to bring the bodies of victims to the city for identification. It will be necessary to bury hundreds of bodies in the small villages in nameless graves.

The unearthing of victims whose bodies have been covered by the rain of ashes and cinders or who were found in the ruined buildings shows that most of them died deaths of agony as terror and pain are depicted on their features now set in death. The attitudes of others, some of whom were found kneeling in prayer, show that they were killed by the deadly fumes from the volcano.

The rescue work is being pushed as rapidly as possible, but the difficulty of moving from place to place and even of forcing a passage through the streets of the various towns because of the depth of ashes, makes progress very slow. Some terrible sights have been presented to the rescuers and in other instances they have been able to bring timely assistance to persons who were just on the verge of collapse or death.

NAPLES IN DANGER.

Naples, April 11.—Lava is again on the move on all sides down Vesuvius. It is believed this city is in serious danger. Advice this afternoon from Somma state that 50 houses and portions of three churches have collapsed, and the town hall is threatened with destruction.

HUNDREDS ARE BLINDED.

Naples, April 11.—The steady exposure of the people to ashes and dust has caused an epidemic of conjunctive ophthalmitis, which has rendered hundreds totally blind.

Naples, April 11.—Vesuvius is resuming activity, especially at Cerreto. The stream of lava has turned toward Pompeii. All the bodies of those killed in the church at San Giuseppe on Monday have been recovered, the number being 105. Search is being made of the houses at Ottajano, where 50 corpses have already been found. It is believed that there are still many to be recovered.

A great eruption of sand is observed on the east side of the main crater. This is worse than ashes, as it is heavier. The ejection of ashes seems to have diminished.

Fresh shocks of earthquake are being felt, especially in the direction of Ottajano, Somma and Nola.

At Ottajano, San Giuseppe and Vesuviana troops are clearing the ruins, demolishing tottering buildings and re-establishing communications. Entire families perished and terrible scenes occurred when refugees returned in search of missing relatives, whose bodies are unrecognizable.

Signor Matteucci, director of the observatory on Mount Vesuvius, states that small new craters and fissures which opened at several points are likely to contribute to a diminution of the eruption, as they afford necessary outlets. The ashes and cinders which fill the air are causing much eye trouble, many persons in the worst affected districts being threatened with blindness.

Weakened by the weight of ashes from Vesuvius, the Mount Oliveto market, which covered a plot of ground 600 feet square, fell upon 200 or more persons, of whom 12 were killed, 20 mortally injured, 24 dangerously and 100 less seriously injured. Several of the dead were crushed and mangled beyond recognition. The scenes in the vicinity of the ruins were agonizing, relatives of the victims clamoring to be allowed to go to their dead or dying. Only by the firm intervention of the police and carabinieri was it possible to keep the crowd from overwhelming rescuers.

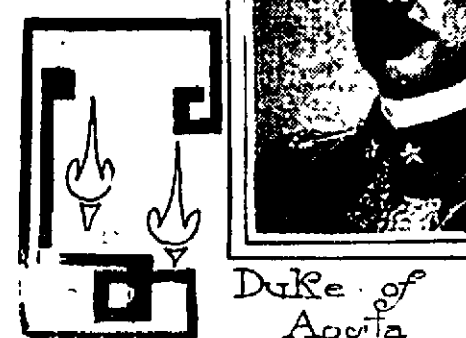

While the volcanic activity of Mount Vesuvius appeared to have diminished, as night appeared the prospect of immediate relief faded, and the fate of the villages and towns grouped around the volcano seemed more hopeless. Even with the sun shining the light was a dim yellow, in the midst of which the few people who remained in the stricken towns, their clothing, hair and beards covered with ashes, moved about in the desolation like gray ghosts.

The flow of lava from the volcano,

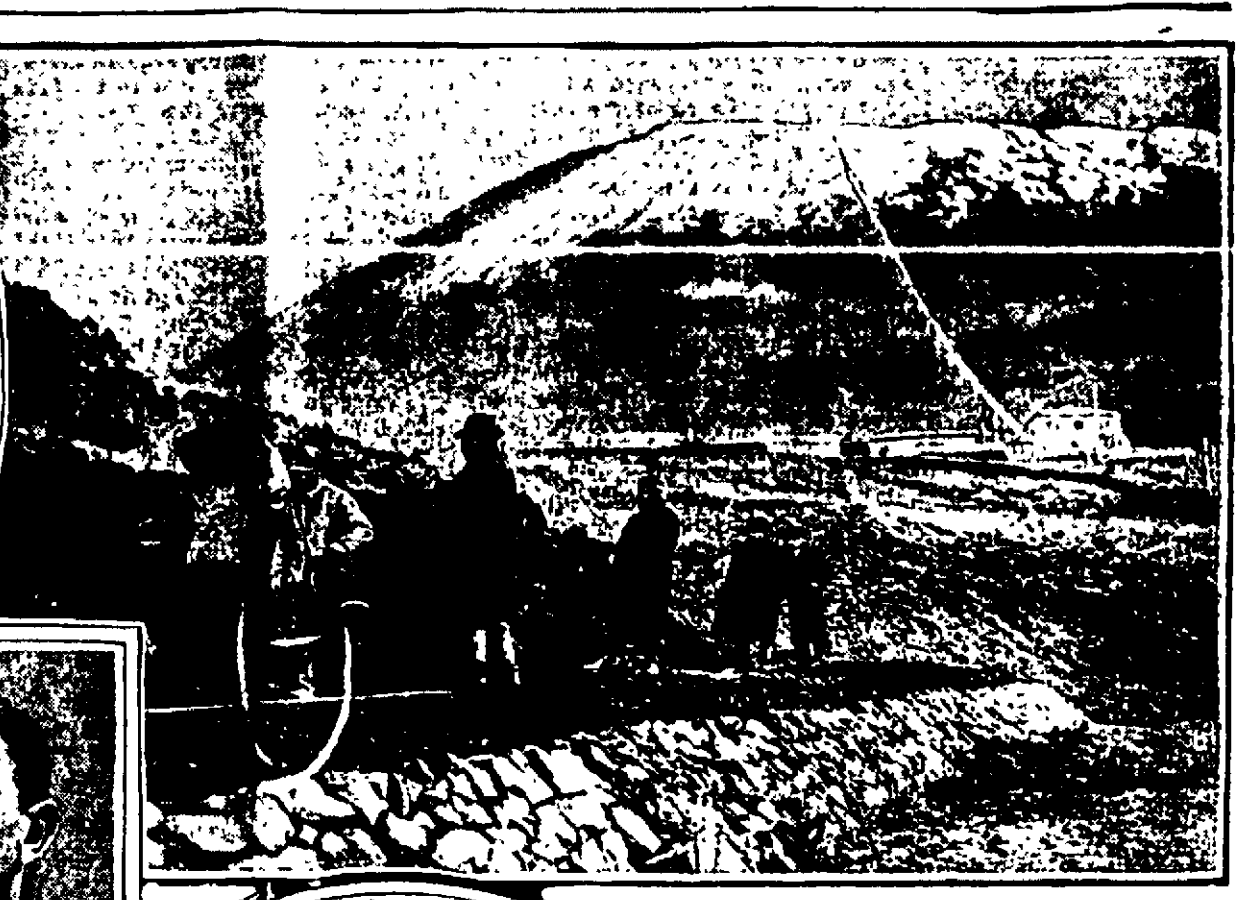

OBSERVATORY OVERWHELMED BY A RIVER OF FIRE AND ROYAL COMFORTERS ARE AT VESUVIUS.

Duchess of Aosta

Duke of Aosta

FIGHTING THE FIERY LAVA FLOW ON THE RAILWAY.

The eruption of Mount Vesuvius, which has already cost hundreds of lives, driven thousands of persons from their homes, and wrought untold havoc and destruction, is again in full blast. The violence seems to exceed that of previous days and the alarm among the people of the entire region is great. Lava is again on the move on all sides down Vesuvius. It is believed that Naples is in serious danger.

NO OPERATION ON GOVERNOR

Cincinnati, April 11.—It is practically assumed that no operation will be performed on Governor Patton during his present stay at Christ's hospital. His rapid improvement has exceeded the fondest expectations of his physicians, since his arrival in Cincinnati. The daily increase in the amount of nourishment and a corresponding increase in strength is noted.

Sun Spot Caused Eruption.

London, April 11.—Among the interesting opinions of scientists on the eruption of Mount Vesuvius is one from Professor Belar of Laidbach, an authority on seismic disturbances, who in a telegram to the Daily Mail attributes the eruption to the activity of a great sun spot.

WILL NOT TEST THE AIKEN LAW

Cleveland, April 11.—The Brewers' and Liquor interests of the state met here today and decided not to make test of the Jones and Aiken laws in the courts. They will conduct a campaign of education against temperance movements.

REPORT ON PORTO RICAN CONDITIONS

Washington, April 11.—Governor Winthrop of Porto Rico continued his defense of the administration of that island before the house committee on insular affairs. Governor Winthrop said the "lazy bug" disease is fast disappearing from the island; that this disease was caused by a parasite which first attached itself to the body through the feet and then worked to the intestines. The remedy, he said, is to wear shoes, which are coming into general use. The governor was decidedly in favor of granting United States citizenship to the inhabitants of the island.

TURNED ON GAS.

Woman Asphyxiates Her Young Son, Leaves Letters.

Los Angeles, Cal., April 11.—Mrs. Kate B. Raymond, wife of Frank Kellogg Raymond, a clerk in the interior department at Washington, turned on the gas in a suburb at her home at Hollywood, a suburb of this city, after carefully locking all doors and windows, and asphyxiated her 14-year-old son Frank, who was sleeping in the room, and very nearly ended her life. Physicians who are attending her say she may recover. The deed had been carefully planned. The woman left two letters, one addressed to her mother and the other to a neighbor. In her letter to her mother she said that she and her son would be better off dead.

An express on the New York, Philadelphia and Norfolk ran into a freight train at Exmore, Va. The engineer, Daniel Baker, and fireman, Harry Wilson of the express, were killed.

NO OPERATION ON GOVERNOR

Cincinnati, April 11.—It is practically assumed that no operation will be performed on Governor Patton during his present stay at Christ's hospital. His rapid improvement has exceeded the fondest expectations of his physicians, since his arrival in Cincinnati. The daily increase in the amount of nourishment and a corresponding increase in strength is noted.

GRAND JURY

To Begin Investigation of a Life Insurance Company.

New York, April 11.—The Post publishes the following: "The grand jury will begin an investigation into the affairs of the Washington Life Insurance company, which some time ago had a good deal of internal discussion, which led to its reorganization. The district attorney's office has been engaged for some time past in going over the old books and files of the company, the work having been entrusted to Assistant District Attorney Nott and Kiesel, who are now ready to submit the evidence to the grand jury. It is understood that the result may be the preferring of charges against some of the old officers of the company."

PROSECUTION

Of Meat Packers Sought by the Federal Government.

Chicago, April 11.—The Chronicle says, "President Roosevelt has once more taken a personal hand in the prosecution of the packers, and the result is apparent in a resumption of activity on the part of the local federal officials. It has been announced that the effort to punish the packers as individuals is to be renewed with promptitude and vigor. This is under direct instructions to District Attorney Morrison from the president and Attorney General Moody. Mr. Morrison has been directed to proceed against the packers under the injunction of Judge Grosvenor of the United States circuit court, and also to seek new indictments before the next federal grand jury."

GROCERY TRUST WAS OUSTED

Columbus, April 11.—The Wholesale Grocers' Association company was this morning ousted from its charter by the Circuit court of Franklin county for violating the Ohio anti-trust law.

This is Attorney General Ellis' last big victory in his crusade against Ohio trusts. He considers it a ruling as the first fruits of the 1906 immunity law. Wholesale Grocers' Association officers refused to produce the books before the attorney general before

WHILE PLOWING

Schneider Struck Dynamite and Was Fatally Hurt While Plowing.

Chicago, April 11.—While Philip Schneider was plowing on his farm a few miles south of Hammond, Ind., the plow struck several sticks of dynamite buried in the ground and Schneider was fatally injured. Both horses were instantly killed. The former tenant, who had been ejected by the owner for nonpayment of rent, swore, it is said, that any one who set foot on the land would be killed. Since Schneider took possession of the place he had found nearly 200 pounds of dynamite buried in the fields and in and about the buildings. Several weeks ago an explosion destroyed the barn. The body of John Thompson, the former tenant, was found in the debris.

ATTORNEY GENERAL ISSUES A CALL

Columbus, April 11.—Wednesday Attorney General Ellis issued a call for a conference here Saturday of all county prosecutors who have started suits against the bridge bond in their respective counties, for the purpose of concerted action. The prosecutor will and the attorney general will be furnishing the local evidence and the attorney general will negotiate by helping the prosecutors to recover by tapping the money paid to the bridge combine in excess of its probable profits.

UNDERSTANDING

Likely on the Railroad Rate Bill, Hale's Suggestion.

Washington, April 11.—For more than four hours Mr. Bailey held the undivided attention of the senate with a speech in reply to Mr. Spooner and Mr. Knox, and just before his conclusion there was a significant suggestion from Mr. Hale, indicating the possibility of an understanding and an early vote on the railroad rate bill. The session was one of the most notable in the recent history of the senate. Mr. Bailey set out to establish the soundness of his contention that congress has power to deny to the federal United States courts the right to suspend the order of the interstate commission pending the final decision of cases arising under the proposed law. This he undertook to do by citing numerous precedents of the courts and quoting many other authorities. The citations were interspersed with his comment. Mr. Hale announced his willingness to accept the attorney general's amendment, and expressed confidence that if Mr. Bailey would on the other hand agree to a broad court review, there would be comparatively little difficulty in reaching an agreement on the bill.

A boiler in the Franklin machine and steam boiler works in Williamsport, N. Y., blew up seriously injuring 10 of the 20 men at work. Two of them probably will die.

MAY RESUME IN HOCKING DISTRICT

Albany, O., April 11.—The Hocking district of miners this morning unanimously decided that "pumpers, firemen and engineers should be permitted to work during the suspension, and whatever scale was adopted later should be paid the men so employed during the strike. The scale adopted this morning for presentation to the operators, provides for a restoration of the 1904 scale.

ROOSEVELT GETS BASEBALL PASS

Washington, April 11.—President Roosevelt is to be given a pass.

They will not entitle him to ride free over railroads, but will admit him and all his friends to baseball games played here by American league teams. It is to be a "party pass," and the president can go alone or he can invite guests to go with him.

The pass, embossed in gold is in a steel case, on the outside of which in gold letters is the president's monogram "R. R."

The pass to be given the president will be good at any of the parks of the American league.

COL. CHRISTY DIES

Former Ohio Legislator and Lawyer, Passes Away in the City of Washington.

Washington, April 11.—Colonel Robert Christy, formerly a member of the Ohio legislature, but a resident of this city for many years, died here, aged 75 years, from paralysis following a cerebral hemorrhage. Colonel Christy came to Washington from Cincinnati about 10 years ago and practiced law. He also devoted considerable time to literary pursuits, and was the author of two volumes, entitled "Proverbs, Maxims and Phrases of All Ages." Colonel Christy had practiced law in Ohio of which state he was a native, and had been a member of the Ohio legislature.

Castured in a Bank.

Pittsburg, April 11.—Joseph G. Koenig, clerk of the Columbia Savings and Trust company, was captured in the bank at an early hour by city detectives as he was in the act of stealing out of the vaults. It is alleged that he had forged checks and that he has made a confession. When arrested he gave the name of Bonhard, but officials of the bank identified him. According to the police Koenig admitted his plan was to copy the signatures of depositors who seldom have their books balanced and then issue checks on these names through smaller banks.

Washington officials state that Italian anarchists are arriving in the United States in great numbers at both Pacific and Atlantic ports.

DOWIE OFFERED A BIG SALARY

To Deliver Four Lectures Each Week at Chicago

WILL NOT BE RECONCILED

WITH VOLIVA UNLESS THE LATTER ABSOLUTELY SURRENDERS

Admits That a Secret Chamber Existed in Basement of Shiloh House.

Chicago, April 11.—John Alexander Dowie, formerly prophet of Zion, is a very sick man. After twenty-four hours of consultation the venerable prophet finds that he is not in a position to fight, much as he would wish. Consultation with legal authorities occupied most of his time Tuesday notwithstanding his debilitated condition.

At times the founder of Zion betrayed his feeble fire, but it soon was apparent that he had lost much of that amen which hitherto had governed his actions.

John Alexander Dowie virtually is an invalid. It might be so that the stirring current events may give the erstwhile Zion leader temporary strength, which eventually shall reveal his predominant characteristics but the physical signs do not indicate such to be the case. Unusual to state, Dowie passed through the Chicago ordeal that stronger men, like Bryan, have experienced, have passed through without disaster.

Driven to his hotel Dowie exercised the usual prerogative due an hotel register. But he did not sign his name—he left that to subordinates. He ordered all sorts of food, none of which he could eat, and finally compromised on toast and eggs, the test of stomach. Physical degeneration is the principal cause of John Alexander Dowie's present position. It is conceded that the man's former mentality was the governing factor of Zion, and now that the combination has deserted him he is in a position where his enemies may take advantage.

Stories of unusual actions on the part of Zion's leader are rampant. Not one of them is susceptible of immediate approval and if not immediate, where shall the line be drawn in the future?

"No compromise on my part. No settlement except unconditional surrender on theirs."

John Alexander Dowie in emphatic tones, thus summed up his position. It was after he had held a long conference with his attorney relative to his legal rights at Zion City. He professed to be much encouraged. One Chicago Vanderbilt manager offered the prophet \$25,000 for six months of "lecturing"—four a week, he to choose his own topics.

Absolute proof of the violation of his marriage vows by Dowie, is claimed by his son Gladstone Dowie, who today said he had documentary evidence against the "prophet." It is alleged his deeds occurred outside of Zion.

Chicago, April 11.—After a long consultation with his legal advisers, John Alexander Dowie stated that it might be several days before he sees fit to enter Zion City. Dowie summoned his legal advisers to his hotel and then ensued a prolonged conference. Just what the proceedings will be to reinstate "the first apostle" in Zion City was not stated, but Dowie said that there would be no compromise with Voliva and that Dr. John Alexander Dowie must be the leader of Zion or nothing at all.

This same determination was shown at Zion City, where the business committee of 12 appointed by Voliva decided to send to all branches of the church the following order: "Officers, members and friends of the Christian Church Apostolic church are urged not to send any more money for Mexican land warrants." A. H. Piper, one of the overseers, explained: "The step was taken because of a desire to completely block Dowie's Mexican scheme, and at the same time remove all chances for his access to funds. The Mexican contributions are the last resort."

Dr. Dowie, when questioned regarding the secret chamber which was discovered by Overseer Voliva in the basement of his residence at Zion City, said: "Yes, I am aware that such a room exists in the basement of Shiloh house, but I can readily explain it. (Continued on Page 1, 1st Col.)"

BOTH SHOT AT THE PUSSY CATS, AND EACH TOOK HUMAN LIFE

Helena, Ark., April 11.—D. S. Silva, of Helena, Ark., died Tuesday as a result of a bullet wound received from a pistol discharged by Roland D. MacAlexander.

Silva was visiting MacAlexander at his place of business. A rusty revolver was lying on the counter, and when the house cat stroled by MacAlexander playfully attempted to scare her. He snapped the revolver five times, and then turning it to his friends, snapped the sixth barrel. Silva dropped to the floor, and soon died without uttering a word.

The coroner exonerated him.

Roanoke, Va., April 11.—Mrs. Sally Floyd, intending to shoot a cat on the back fence late Monday afternoon, accidentally shot her little three-year-old daughter in the neck, from the effects of which the child died Tuesday morning at 8 o'clock. The mother is prostrated with grief.

The child was playing in the yard, and ran directly between her mother and the low fence just as the woman pulled the trigger. Realizing the danger to the little one, the mother screamed just as the weapon exploded, but she did not have time to raise the muzzle.

Does your baking powder contain alum? Look upon the label. Use only a powder whose label shows it to be made with cream of tartar.

NOTE.—Safety lies in buying only the Royal Baking Powder, which is the best cream of tartar baking powder that can be had.

HEBRON NEWS

Budget of Bright and Interesting Items from the Advocate's Correspondent.

Hebron, April 11.—The meetings at the Church of Christ, conducted by Evangelist E. B. Barnes, closed Sunday evening. Mr. Barnes left the same evening for his home in Noblesville, Ind. Sunday evening at 7:30 the Sunday school will give a musical Easter program appropriate to Easter tide.

The condition of Mrs. John Sawyer is now very serious and her death is momentarily expected.

The funeral services of Mrs. Wm. Stover of Newark, which was held at the M. E. church Monday was largely attended.

Henry Whitton of Peoria, Ill., arrived here Wednesday. He will make his home with his brother, Dr. J. W. Whitton of Jacksonville, for a time.

Miss Adda House left Wednesday morning for Baltimore to visit her sister, Mrs. Frank Good.

Messrs. Geo. Hutzell and Edward Streets of Newark, and Starling and Dewey Seigler of Columbus are the guests of Mr. and Mrs. Henry Hutzell at their home on the West Side.

Mrs. E. P. Kempher and children will spend Easter Sunday with her parents at Findley.

Nellie Harter has accepted a position in Columbus and left for the Capital city Saturday.

Fish are biting nicely now in the canal, and a great many Lake Erie and black bass are being captured.

Clara Rees, who spent several weeks with her cousin, Mrs. Mary Ewing at Washington, D. C., arrived home Friday.

There will be a business meeting at the Church of Christ Saturday at 1 p. m.

Don't forget the Easter Market at D. P. Burch's Hall Saturday afternoon. Proceeds for the M. E. church.

Henry Hutzell has sold his property on the East Side and has taken

possession of the old Street homestead on North street. Mr. Hutzell contemplates building a dwelling house this summer.

J. C. Nell and wife, assisted by their daughter, Florence, delightfully entertained at their beautiful country home near the Lake, Friday, Evangelist E. B. Barnes and Chas. Stoolbire of Hebron, and Mrs. Nellie Rutledge and daughter Lillian of Newark.

Joseph Voorhes of York street, and Elmer Neel of Buckeye Lake, were guests of Mrs. Alice Neel Sunday.

Mrs. D. P. Fieckle of Granville, was calling on friends here Monday.

Miss Clara Cooper of Pleasantville, is the guest of Mr. and Mrs. Mills.

Ruth Ponce, who was very ill, is now convalescing.

F. S. Lees and family of Newark, P. P. Combsford and family and Miss Myrtle Davis of Hanover, were guests of M. W. Davis and wife Sunday.

Rev. T. N. Madden and wife, E. B. Barnes, Mrs. Grace Welder and daughter Annette, and Mr. Carl Stimmet of Columbus, were guests of D. P. Burch and wife last week.

An Easter wedding in this village will be quite a surprise to some of the society people.

Mrs. Robert Embrey visited her daughter Mrs. Chas. Bishop at Kirkcreeville, Saturday.

Mrs. Jacob Mowery spent several days of last week in Columbus, the guest of her daughter, Mrs. F. R. Justice.

Mrs. Bertha Lawl and daughter of Lancaster, were guests of Mrs. Marshall Embrey Thursday.

Geo. Hermann the Clothier, has an unusually large display of spring style hats. See 'em.

Everything for a fence or grape arbor. The Newark Lumber Co. Both phones.

There will be a business meeting at the Church of Christ Saturday at 1 p. m.

Don't forget the Easter Market at D. P. Burch's Hall Saturday afternoon. Proceeds for the M. E. church.

Henry Hutzell has sold his property on the East Side and has taken

OPERATORS

Make a Proposition to Their Miners. Not Acceptable.

New York, April 11.—The anthracite operators at their conference with the mine workers here declined the proposition to have the conciliation board arbitrate all grievances submitted by the wage workers. They made a counter proposal that the commission appointed by President Roosevelt in 1902 be requested to decide whether any changes in the conditions in the hard coal region have occurred which require that the award of the commission shall be modified. The mine owners limit the inquiry to two grievances—wages and a method for the adjustment of complaints. The miners have taken the proposal under consideration and may give the operators an answer Thursday, when another conference will be held.

There is every indication that the counter arbitration will not be accepted by the miners as presented, although they view with favor the operators' selection of the anthracite strike commission. The old tribunal will be accepted by President Mitchell if he can induce the coal companies to widen the scope of the inquiry.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair. It is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

O. T. Bricker, Special Agent.

BEECH WOODS.

A few evenings ago John Stith had a narrow escape while in his sugar camp with three bushels of water in his pan. He replenished the fire and fell fast asleep. The fire burned up his pan and the building was soon a mass of flames when Stith aroused just in time to make his escape and witness the conflagration reduce to ashes his entire equipment.

Henry Saum has moved his saw mill to Henry Young's woods and Lon Miller has moved his mill to George Lynn's woods, where the mills will saw out several sets of oaks.

Miss Hazel Chaffant underwent an operation Thursday afternoon performed by the following surgeons: Dr. Warner of Columbus, Dr. J. O. Lethman of Tonnville, Dr. U. K. Eslington and O. L. Iden of Somerset, and Dr. French of Logan. The case was a peculiar one and had baffled the attending physicians for some time. Upon consultation the operation was decided upon and revealed appendicitis nearly to the left side. The appendix had protruded and grown fast. Dr. Warner, the celebrated specialist, said that it was the first case of this kind that had ever come under his observation. Since the operation the patient has not been resting well, but the doctors anticipate her ultimate recovery.

Ernest Thomas who has been in Sioux City, Iowa, for the past six years, is the guest of his parents here and shaking hands with old friends. He says the greatest change he observes is the young people that have grown up and the people that have passed away.

Gus Gettys is wearing a smile that will not wash off over the new daughter that has arrived at his home.

The wheat fields are not having a very promising look around here. The snow and water beneath seems to have scalded it. Spring work will be unusually late. The average fellow awakes, believing he has been asleep no more than an hour to plod the furrows until dark.

The Sunday school has been organized at Drum's church for the summer. The following officers were elected: Isaac Clum, supt.; Lewis Williams, secretary; Bessie Miller, treasurer; Ocie Foster, organist. The following teachers were chosen: R. E. Clum, class No. 1; I. Clum, class No. 2; H. I. Drum, class No. 3; L. Williams, class No. 4. A welcome invitation is extended to all who will attend these services.

While at the Hite reservoir Saturday afternoon a glance bullet from Al Chaffant's rifle penetrated Clyde Hite's cap, going through one side passing straight out the other. They were shooting at wild ducks with rifles.

Owen Cover and Ray Baker have drained the old Crist fish pond at Bruno and will have the land under cultivation this summer.

J. R. Stith was a business visitor in Somerset Wednesday.

Gid Miller sold his goods at public auction Tuesday. He had moved to Baltimore to take charge of a restaurant at that place.

Marion Foster's red range fox hound returned from the hills of Perry county Friday morning with a bullet wound through his back near the kidneys. The wounded dog succeeded in getting back to old Fairfield county as far as Lewis Winegardner's where he died.

Mary Whitmar died at the home of Mrs. Alice Baker and was buried at Redington Tuesday. She had been an invalid for many years and made her home with her sisters.

Edward Maddaugh has moved to Jockey Hollow where he formerly lived.

B. L. Stith has moved his family from Rushville to A. T. Palmer's house. Mr. Palmer moved to the George Fulk farm on the Somerset side.

Quarterly meeting was held at Bruno M. E. church Saturday and Sunday.

Women as Well as Men

Are Made Miserable by

Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make a mistake, but remember the name Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Remarkable Sale

Of Men's Easter Suits At \$12.50—\$15—\$18—\$20

Our Men's Suit stock this year is larger than ever before—our growing business demands it. We have collected what we believe the choicest Spring styles ever displayed in the city—for the money—and this week we especially invite you to our great Easter sale of superior hand-tailored Men's Suits, especially manufactured for us by Wile, Weill & Co.

In fashions broad domain there are no higher styles than we show at \$12.50, \$15, \$18 and \$20. The materials are fine imported and American weaves, worsteds in gray effects, chevots in indistinct overplaids, light gray pin checks and medium gray mingles—in short, the colors and patterns and combinations are as varied as the tastes of men. The shapes and styles are limited only by the caprice of fashion. The trimming, tailoring and finish of every garment are perfect as art, taste and care can make them—the fit is simply perfect, while permanency of shape is assured.

The suits are cut in single and double-breasted sack styles, with all the up-to-date modifications of each. The variety is simply immense. Don't forget the price—\$12.50, \$15, \$18 and \$20.

SHOES You Can Look In the Face

And tell at a glance that they are—honest through and through. Not an unworthy stitch in the make-up. Our guarantee is back of every pair. We know their worth, and also do thousands of our people. Would you mind taking a look at them?

FOURTH AND MAIN STREETS.

Will Return Hatfield to Kentucky.

Hamilton, O., April 11.—Clint Hatfield, a member of the famous Kentucky family of feudists, was arrested here on complaint of the authorities of Georgetown, Ky. He will be returned to that town to answer a charge of seduction. Hatfield has been conducting a saloon.

Fell Upon Revolving Saw.

Escanaba, Mich., April 11.—While at work in a lumber mill at Foster City, Joseph Jeannart of Depere was thrown on a revolving saw and instantly killed. The saw cut him in two near the shoulders.

It takes forty thousand tons of copper per month to satisfy home and foreign demands.

Fire-Brick Combine.

Pittsburg, April 11.—Plans are under way in this city for the formation of a fire-brick combination which, it is said, will include 90 per cent of the independent concerns in western Pennsylvania, Ohio, Maryland, West Virginia, New York and Kentucky. It is expected that all contracts to the mutual agreement will be signed not later than next Saturday, and that the appraisers will begin work on April 16. The daily output of the new company will be 1,600,000 bricks. The capitalization has not yet been fixed.

For choice Lawn Seeds go to P. W. Brubaker's feed store, West End. 10-021*

See us for posts, pickets and fence rail. The Newark Lumber Co. 63tf

Prof. Nathaniel S. Shaler, the eminent geologist and dean of the law and scientific school at Cambridge, Mass., died of pneumonia.

Sparks from a passing locomotive started a fire which, before it was extinguished, wiped out the village of Wakefield, Pike county, Ohio.

Edward Blackburn, treasurer of the Wichita (Kan.) Stockyards company, was arrested on a charge of embezzling \$20,000 from the company.

The man who flirts with trouble is apt to get it where Uncle Bill got the carbuncle.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when those questions are asked by her family physician, and many

Mrs. T. C. Willadsen

continues to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female illness, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen of Manning, Ia. she writes:

"I can truly say that you have saved my life. I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years, and spent lots of money in medicine, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions as to what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave today."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

Edinburgh has adopted a scheme for collecting for charity through a central office on the lines of the Liverpool system.

Any man who would sue a girl for breach of promise ought to be confined in an upholstered cell.

Mission Circle Meeting. The Woman's Mission Circle of the Fifth street Baptist church will hold the April meeting in the church parlors Thursday afternoon at 2:30. This is the semi-annual roll call. Let every member be present to respond with a scripture text.

Newark Building Boom. Newark contractors say this city will have a big building boom this season, and that thousands of dollars will be spent in substantial improvements that will add much to the value of the place. Newark has been forging ahead wonderfully during the past few years, and her growth has been phenomenal.

Reception at Y. M. C. A. Thursday evening a reception will be tendered the new members of the Y. M. C. A. in the building. Every part of the building will be open and at the disposal of the members. The first part of the evening will be spent in the reception rooms. Daly's orchestra will give a concert here from 7 to 8 o'clock. Game tables will be placed in each room and every effort made to help the new men to get acquainted. The guests will then be invited to the gymnasium. Some fancy gymnastics will be exhibited, also wrestling and boxing matches have been arranged. The evening will close by refreshments served by the association and addresses of welcome to the new members.

Party Near Kirkersville. Last Wednesday, April 4, seven or her friends met at the pretty country home of Mrs. Nancy Clark, two miles northeast of Kirkersville and enjoyed a good social time. Those present were: Mrs. Emma Rogers, Mrs. May Emery, Mrs. Daisy Brady, all neighbors, Mrs. C. Gockenbaugh, of Hebron, Mrs. Cora Whitehead, Mrs. Emma Morrow and Mrs. Geo. Wells, all of Pataskala. The hostess is 78 years of age, but nevertheless all the entertaining was done by her. She served one of those toothsome, old fashioned dinners, which such as she knows how to prepare, and for which she is famed throughout all of the community. At a late hour the guests departed, feeling that the day had been well spent and wishing Mrs.

Clark many more years of usefulness and happiness.

Old Soldiers' Supper. Don't forget the Old Soldiers' bean supper at G. A. R. Hall Thursday night. Everybody invited. 11-21

Meet me at the Palace tonight. Fancy skating. 21-41

Lunch and Supper. The Daughters of Trinity will give a lunch and supper a la carte, and a bazaar at the parish house, Thursday, April 26.

G. I. A. to B. of L. E. Meeting. The G. I. A. to the B. of L. E. will have a called meeting tomorrow evening at their hall. Business of importance. All members are urged to be present.

Royal Neighbors. The Royal Neighbors of America will hold their regular meeting on Thursday evening, April 12, at 7:30 o'clock sharp. All are requested to be present.

St. Francis de Sales. The office of Tenebrae will begin tonight in St. Francis de Sales at 7. The priests of the parish will be assisted by Rev. Fathers Reynolds of Bellaire and Fagan of McConnellsville.

Fined \$75 and Costs. Blanche Lampton proprietress of a Walnut street resort, was fined \$50 and costs for violating police regulations in the "red-light" district. She made arrangements to pay the amount and was released.

Don't forget the fancy skating at the Palace tonight.

Mr. Burgit at Sister's Home. It was reported that Mr. Theodore Burgit, who was injured Monday night in the hospital, but he was taken to the home of his sister, Mrs. C. G. Miller, 153 Indiana street immediately after the accident. Mr. Zach Burgit of Butler, father of the young man, is in the city.

Missionary Society. The Woman's Home and Foreign Missionary society will meet in regular session in the lecture room of St. Paul's Lutheran church Thursday afternoon at 2 o'clock. Miss Hilman, a returned missionary from Corea, will deliver one of the principal addresses.

Allen Pleaded Guilty. James Allen the saloonkeeper who was charged with selling liquor to minors, changed his plea to guilty Tuesday afternoon and was fined \$75 and costs. The police will break up the practice of selling liquor to minor children if they have to close every saloon in the city.

Sent to County Jail. On the complaint of his wife, A. J. Moore was arrested Tuesday night in a Walnut street resort and he was charged with visiting a house of questionable repute. This is the second time Moore has been arrested at this resort. He was fined \$20 and costs and sent to the county jail.

A Correction. In the daily papers of the city on Tuesday afternoon a clipping from a Zanesville paper stated that Misses Clara and Lizzie Spees would entertain the Newark lodge in honor of Zanesville guests, but it should have stated that a club of Rebekahs would be entertained, comprising a few from the whole lodge.

Father and Mother Drunk. Officer Zergelbet was called to an Eddy street home Tuesday afternoon where a mother and father were both drunk and quarrelling. Three children, all under the age of 15 years, were in the home and the officer notified the parents that unless they cut out the booze they would both land in jail, and their children would be sent to the children's home.

Communion at St. Paul's. The Holy Communion will be celebrated at St. Paul's Lutheran church Good Friday evening at 7:30 o'clock and on Easter morning at 10 o'clock. The Bible schools, with the assistance of the choirs, are preparing a fine Easter festival program which will be given Easter evening in the church. The first part of the program consists of carols and recitations and the second, a representation of the Resurrection narrative by nine young people. A final rehearsal of this program will be held Saturday evening at 7 o'clock.

Students on Strike. Nearly a hundred high school students went on a strike Wednesday morning and two versions are offered for the "bucking" of classes. It is believed that the sensitive nostrils of the young students is the chief reason why they refused to attend school. Some miscreant entered the building during the night and smeared "hamburger cheese sandwiches" over a number of the radiators in several of the rooms and the odor which greeted the early arrivals at the building resembled an antiquated slaughter house. The pupils refused to attend classes under such conditions. The school children were looking for the perpetrator of the joke(?) but their intention was not vicious. They merely wanted to put him on the back for his work.

Visit the Jacobs 5 and 10c store, 22 S. Park Place and see the great Easter display. Nothing over 10c.

HOLDS WITTE A SHUFFLER

Novelist Maxim Gorky Talks About the Russian Premier.

NOTED AGITATOR IN AMERICA

Does Not Believe in the Douma Nor in the Present Method of Holding Elections, and Declares Liberty in Russia Can Not Be Won Without Bloodshed—His Mission.

New York April 11.—Maxim Gorky, the Russian novelist and agitator, arrived here on board the Kaiser Wilhelm der Grosse. He was met at quarantine by a large deputation of Russians and others. In an interview Gorky said:

"I do not believe in the Russian Douma, nor in the present method of holding elections. That the Douma will bring Russia quiet and prosperity I do not believe. The actual condition of the revolution in Russia is this: In more than 22 provinces the people are starving to death, using all the money they have and receive to buy arms with. The attitude of the church towards the revolution is very interesting considering the people's hate and distrust of the church. In the present

MAXIM GORKY.

revolution the country priests are actually the leaders of the peasantry. If the revolution should succeed Russia will go the way America went—that is, a federation. We have so many nationalities in our empire that a federation would be the best solution. What will become of the czar in that case? Well, I suppose nothing. One of the most important men in recent events was Witte. He is devoid of talent, power and honesty, and in our opinion he is a scoundrel. The Jews will not suffer in case Russia should become a republic. Russia needs them and they should be given an opportunity. But the future will not be won without the use of force, and unfortunately our fight will have to be fought from behind barricades.

ELECTIONS MEAN WITTE'S UNDOING

St. Petersburg, April 11.—That the result of the elections has precipitated a crisis involving the immediate downfall of Premier Witte or Interior Minister Durnovo seems absolutely confirmed. The former spent over two hours with the emperor, reviewing the situation and pointing out how impossible it would be for the government to defend itself before a hostile parliament with M. Durnovo in the cabinet. The emperor, as is usual in such a crisis, is vacillating. Irrespective of his personal feelings towards the premier, he desires Count Witte to remain in power, yet he hesitates to dismiss Durnovo, whom he praises as having saved Russia from a revolution.

It tells about Rheumatism, about the cause, the way to live to avoid and free the system of the painful poison, and a desirable cure.

DR. SHOOP'S RHEUMATIC TABLETS

OBITUARY

MISS FOSTER'S FUNERAL.

The funeral of the remains of the late Anna Foster, who was killed by the falling of the brick smoke-stack at the old Wilson woolen mill near East Main street, on Monday evening, will be held from the home on East Church street 2 p. m. Thursday, Rev. L. C. Sparks officiating.

The condition of Mrs. Foster, the mother of the unfortunate young woman, remains about the same, the shock of the sad affair affecting her very seriously.

ARRIE N. STOVER.

Able N. Black was born near Bremen, Ohio, September 7, 1872; was married April 6, 1895 to Willis W. Stover. To this union three children were born. She was baptized and united with the Reformed church by Rev. Austin Henry at Canal Winchester April 15, 1884; joined the M. E. church in Kirkersville in 1890, was transferred to the Hebron M. E. church in 1891. She died April 7, 1906, aged 32 years and 7 months. She leaves three children, aged 2, 5 and 7 years, also a husband, father and mother, 4 sisters and 1 brother, to mourn her death. Two sisters have preceded her to the glory world. The remains were taken from the home, 114 Ash street, to Hebron M. E. church where the funeral services were conducted by Rev. H. S. Balz of Elizabeth West Main street M. E. church, assisted by his pastor, Rev. Mr. Mitchell. She was laid to rest in the Licking cemetery.

Long & McCament, undertakers; phone 459. 10-4-11

CHARGES FOR OBITUARIES AND CARDS OF THANKS.

We print all obituaries less than 15 lines in length free of charge. Cards of thanks we charge 5 cents a line (6 words to the line). The minimum charge for card of thanks is 25 cents.

Lost Her Tow.

Hickman, Ky., April 11.—The tow-boat Joseph Williams, with a tow of coal, lost her rudder and became uncontrollable while passing Hickman. She struck the current wrong and, with a terrific crash, her stern divided. A number of barges were sunk opposite town. She is drifting helplessly down the river and help was telephoned for from Cairo.

See Geo. McHannan the Clothier's display of Easter Neckwear. 10-3

Notice of School Bond Sale.

Sealed proposals will be received by the Clerk of the Board of Education of the School District of the City of Newark, Ohio, at the office of said Clerk, 19-1-2 South Third street, in said City of Newark, until MONDAY, THE 7th DAY OF MAY, 1906,

at 12 o'clock m., for the purchase of fifteen bonds of said Board of Education, bearing date May 7th, 1906; each of said bonds being for the sum of One Thousand Dollars, numbered consecutively from one to fifteen inclusive and bearing interest at the rate of four percent per annum, payable semi-annually from the date thereof on the 7th day of May and November of each year.

The principal and interest of said bonds are payable at the office of the treasurer of said Board of Education in said City of Newark, and said bonds shall become due and payable as follows, to-wit:

- No. 1.....due May 7, 1907
- No. 2.....due May 7, 1908
- No. 3.....due May 7, 1909
- No. 4.....due May 7, 1910
- No. 5.....due May 7, 1911
- No. 6.....due May 7, 1912
- No. 7.....due May 7, 1913
- No. 8.....due May 7, 1914
- No. 9.....due May 7, 1915
- No. 10.....due May 7, 1916
- No. 11.....due May 7, 1917
- No. 12.....due May 7, 1918
- No. 13.....due May 7, 1919
- No. 14.....due May 7, 1920
- No. 15.....due May 7, 1921

Said bonds are issued for the purpose of purchasing an addition to the high school for a said city and of making necessary improvements upon school buildings in said School District in pursuance of Section 3391 of the Revised Statutes of Ohio, as passed and approved April 25, 1901, and in pursuance of a resolution of said Board of Education, passed at a regular meeting of said Board, April 2, 1906, authorizing the issue of said bonds.

Said bonds will be sold to the highest bidder for not less than their par value. Bidders are required to state the number of bonds bid for, and the gross amount they will pay for the bonds bid for with accrued interest to date of transfer. A right to reject any and all bids is reserved by said Board of Education. Proposals must be sealed and indorsed "Bids for School Bonds" and accompanied by a certified check for two hundred dollars, payable to the clerk of said Board of Education as a guarantee of good faith; said check will be returned if bid is rejected.

D. H. KELLER, Clerk.

I will receive sealed proposals for this property for next ten days, or to April 15th inclusive. The highest bidder takes it. Terms cash. Dr. William Baldwin, 59 East Main street. 7-431

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Rogitox operates easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

Smith's "Revelation." Kansas City, Mo., April 11.—A dramatic scene marked the close of the session of the conference of the reorganized Church of Latter Day Saints at Independence, Mo., when Joseph Smith, the venerable president of the organization, arose and with much apparent emotion told the conference of a revelation which he said had recently come to him. The revelation was concerning the establishment of a sanatorium in Independence for the use of members of the church.

BASEBALL GOSSIP.

The report comes from Zanesville that Curt Eiston has been sold to the Nashville Club of the Southern league. Ferd hoped to get the big pitcher back to Drummersville if Columbus did not want him.

"Cy" Vorhees of Marion, who coached here last season, married Miss Emma Usher, member of a wealthy family. "Cy" tried to pitch for the Akron Elks once until Ed Miller made him draw diagrams in the sand, saying they were signs of the order. When Cy fell down he was ousted from the game.

Little Justice, with Newark last season, has been married and will take his wife along to Hartford, Conn., where he will play.

Mrs. De Navarro (Mary Anderson) contemplates a visit to her old home in Louisville this summer.

W. Wallis, Western Representative.

The latest census report gives the population of the British empire as approximately 400,000,000, and only 54,000,000 of that number of people are white. Majority rule in the empire seems a long way off.

One of the college professors claims to have mastered the monkey languages, which leads a western paragon to venture the opinion that someone may yet be able to tell what most of the college yells mean.

The grip, they call it influenza over there, is ravaging London just now. Particularly to the upper social circles has it brought its afflictions, and many social events have been postponed because of it. Here is one London fashion that no American imitator will desire to bring over.

The Indianapolis News says that the Ohio legislature which lately adjourned spent practically its entire time in the "somewhat novel experience of serving the people," and it expresses the belief that in consequence "Ohio is going to be much more comfortable in the future than it has been heretofore." All of this is very nice and a compliment to the legislature. It will hardly be appreciated, however, in Cincinnati by a certain Republican Boss who was served by recent legislatures and who, had he been successful last fall in carrying the Republican ticket without a break, would have made it impossible for the Seventy-seventh assembly to spend its time in the "novel experience of serving the people."

It was supposed that the infant in distress of the country had long ago been pretty well taken care of and become quite healthy, but it appears that there is yet one infant crying for protection. Representative William Alden Smith of Michigan has laid before congress a petition from twelve manufacturers of wooden shoes, asking that the tariff on imported goods entering into competition with their product be made 125 per cent. The competition is so keen, they claim, that they find their business needs protection against the foreign made shoes. Wooden shoes are sold largely to immigrants from the Netherlands, who are numerous in Michigan. When the wooden shoe industry gets protection to the extent of 125 per cent. New Jersey may issue corporation papers to the wooden shoe trust. That's the way it has been worked in pretty much every line.

A COINCIDENCE OF ACQUAINTANCES

Two First Guests at New Stated Hotel Discover They Were Old Schoolmates.

A peculiar coincidence and one which had a happy termination occurred at the new Stated House, which was opened for the first time on Monday night. The coincidence consisted in the fact that the first two persons to write their names on the

register of the hotel were Canadians, who although unknown to each other, had been chums and schoolmates in their boyhood days in the little town of Clark's Mills, now Camden East, in the county of Addington, Ontario, Canada. On Monday night Mr. W. W. Bell, representing the Cury Safe company of Buffalo, N. Y., with headquarters in Cincinnati, arrived in the city, and secured quarters at the hotel, although it had not as yet been formally opened. On Tuesday Mr. R. A. Dickson, representing a Boston firm, also secured accommodations at the hotel. On Tuesday night the two gentlemen met each other and naturally engaged in conversation along business lines. During the conversation the resources of Canada were brought up when it developed that they were both Canadians. One question brought on another and they soon discovered that they were from the same town, had gone to school together, played hockey together and had attended the same Sunday school together. It is a sure thing that the old time friends had a good time during the remainder of the evening.

Ten Dollars in Cash.

To be given as first prize to the lady wearing the neatest and most beautiful hat at the picture contest at the Palace Monday night April 16.

On Thursday evening of this week the G. A. R. Post will give a bean supper at their hall in Memorial building. Everybody invited and especially all old soldiers, whether they are members of the Post or not. Commander Higher has something up his sleeve for your entertainment. Come and see what it is.

Take a Cedar street car to the Palace tonight. Fancy skating.

TUXEDO CLUB 10¢ CALLED MEETING

Of the Democratic County Central Committee to be Held Saturday April 28, 1906.

There will be a meeting of the Democratic County Central committee at the Music Hall on West Main street on Saturday morning, April 28th, at 10:30 o'clock for the purpose of fixing the time for the annual Democratic May Meeting and for the transaction of any other business that may come before the committee.

FATHER OF MRS. THAD REED DIES

CHURCH OF CHRIST CONVENTION WILL BE AT UHRICHSVILLE IN MAY.

Frazzysburg Phone Manager—Lee Davis Hurt—A Child Scalded.

Zanesville, April 11.—James E. Thrap, aged 84 years, died at his home on the Newark road Tuesday morning. Mr. Thrap was ill about two weeks. The deceased comes from one of the pioneer families who first settled this part of the country and he was born and raised in Muskingum county. The deceased is survived by his wife, Mary A., and one brother, John, of Noble county; also eight children. The children are Joseph and Cella of this city, Charles R. of Topeka, Kans.; John, of Licking county; Mrs. Thad Reed of Newark; Mrs. Howard Tunis and Mrs. J. W. Butler of Muskingum township, and Mrs. E. S. Gay of this city. Funeral services will be conducted from the residence Thursday morning by Rev. Mr. Miller of Frazzysburg. Burial in the Vandenberg cemetery.

Newark Minister to Speak.

Uhrichsville, April 11.—The Ohio State convention of the Church of Christ will be held in the Uhrichsville church in May next and is being looked forward to with great interest by the pastor and congregation of the local church. The meeting will bring many gifted speakers to the city, among whom are the following: Congressman A. H. Weber and President H. C. King, of Oberlin college; T. W. Pinkerton, of Kenton; Clyde Darsie, of Bowling Green; P. H. Welshimer, of Canton; J. W. Kerns, of Massillon; President T. E. Cramblett, of Bethany college; H. Newton Miller of Newark, and Miss Clara Louise Ewalt, state primary worker, of Columbus.

Sells is Fined.

Newcomertown, April 11.—Elmer Sells, proprietor of the Crescent House, pleaded guilty and was fined \$75 and costs for selling intoxicants in a dry town.

To Be Frazzysburg Manager.

Coshocton, April 11.—Wm. Lantz, construction foreman of the Citizens' Telephone company, has resigned and will leave for Frazzysburg the first of the month to accept the position of manager of the Frazzysburg Telephone company. The Frazzysburg company is new, having 200 phones on the exchange.

Davis' Wrist Fractured.

Bladensburg, April 11.—Lee Davis who resides north of Bladensburg, had his right wrist fractured Tuesday by his horse pushing him against the stall when he was feeding the animal. Dr. Coleman of Howard was called.

Child Badly Scalded.

Mt. Vernon, April 11.—Chas. Frydson of Bruno Fryd, upset a kettle of boiling water over his arms and legs and was badly scalded.

Wise's Leg Broken.

Fredericktown, O., April 11.—Jas. Wise met with rather a peculiar accident. Wise was driving on the lumber wagon and his foot caught on a high knoll of ground and before he could check the horses, his right leg was fractured.

Why Glass Plant Closed.

Mt. Vernon, April 11.—In connection with the closing of the Hartford City Bottle plant in this city, it is rumored that the action of their firm was a result of a difference which is existing between the jobbers and the manufacturers of bottles. It is claimed that the jobbers are making an effort to reduce the price of bottles and the manufacturers learned the situation and are making an effort to retain their price. The plant may be closed for some time.

Minard Hulse Dies.

Sparta, O., April 11.—Minard Hulse, residing south of Sparta, died Tuesday from consumption.

Rev. John Walker Dies.

Mt. Vernon, April 11.—Mrs. Catherine Newton of this city received a telegram announcing the death of her brother, the Rev. John Walker, 78, which occurred that morning in Cincinnati of paralysis.

One Saloon Too Many.

Coshocton, O., April 11.—Oxford township, this county, voted dry by a majority of 52. Soon after Newcomertown voted dry some months ago, one saloonist moved over into Oxford which is within a short distance of the corporation line. The election was directed chiefly against his place of business and he will now seek other fields.

No Sunday Shines.

Delaware, April 11.—The "lid" has been given another twist. Hereafter there will be no more shoe shining on Sundays in Delaware.

Gold is one of the most difficult

metals to vaporize, but by use of the electric furnace it can readily be set boiling at the temperature of about 4,400 degrees Fahrenheit.

ORCHESTRA HERE FOR CONCERT

In Granville This Afternoon the Cincinnati Musicians Delighted Big Audience.

The Cincinnati Symphony Orchestra arrived here over the Pennsylvania at 9:45 this morning and left after a short time for Granville, where they gave a most successful concert this afternoon.

The orchestra promises a most interesting program for this city at the Auditorium this evening. The entire party of musicians arrived in excellent condition for their appearance here. Every man of the fifty is an artist of ability.

This body of musicians, of which Mr. Frank van der Stucken is the able director, began the regular biennial festival in Cincinnati in 1873 at which time the eminent director, Theodore Thomas was in charge of the body. Even after Mr. Thomas took up his work as director of the Chicago Orchestra he returned to direct the music of these biennial festivals in the Queen City.

After the death of Theodore Thomas, Mr. van der Stucken was unanimously chosen as director and has most satisfactorily occupied that post since.

Cincinnati is preparing for its festival to be given the first week in May. The orchestra will be augmented to one hundred pieces and Sir Edward Elgar, the prominent English composer, will arrive and conduct a part of the festival.

This tour, which is the fourth of this season, will close Saturday when the orchestra will return to Cincinnati and continue its rehearsals.

Mr. Felix Hughes, acting as soloist with the organization, also promises a treat for the local music lovers. At Delaware Monday evening where Mr. Hughes sang "It is—Enough," from Handel's Elijah, which he will sing here, he was encored seven times, so that it is quite probable that he will be well received here.

After this evening's concert the orchestra will go to Mansfield, where they will appear tomorrow evening.

TUXEDO CLUB 10¢ PARTITION SALE OF CITY PROPERTY.

The sheriff will sell next Saturday, April 14, from the south door of the court house, 35 acres of land in city limits, between B. and O. yards and Licking river, suitable for factory site or garden. Appraised at \$100 per acre.

He will also sell eight outlots in Isatah Jones' Addition to Newark. Appraised at \$100 each. Property must sell for two-thirds appraised value.

DOWIE

(Continued From Page 1.)

to why it was put there. A former mayor of Zion City, being an extremely cautious man, believed that it was well to take precautions against cyclones and mob vengeance. He built this chamber with my full approval, but I assure you that I have never entered the room in my life. It was also thought at the time that the room might prove an appropriate resting place for the first apostle.

When "the first apostle" arrived in Chicago an immense crowd was at the station to greet him. He was in the best of spirits and health, and before leaving the car cracked several jokes. Escorted by loyal followers, he made his way to the end of the train. He was greeted with an assortment of welcomes, ranging from the reverent "peace be with you" of the Zionites to the more jovial "good boy, Dowie," of the curious members of the throng. Just before he reached the vehicle a man sprang past the bodyguard and waved a document in Dowie's face. Before a further move could be made the Zion guards threw him bodily over a nearby railing. It was afterward learned that the man was a deputy sheriff who was endeavoring to serve Dowie with a summons in a civil suit in which a medical expert claimed that fees of \$500 had been due him for several years. The incident disturbed Dowie very little and he was driven to the Auditorium Annex, where apartments had been secured for his party.

In the town of Tollesbury, England, a place of 2,000 inhabitants, there is only one physician and there is no druggist or dentist within nine miles.

CURES INDIGESTION

When what you eat makes you uncomfortable it is doing you very little good beyond barely keeping you alive. Digestive tablets are more than useless, for they will in time deprive the stomach of all power to digest food. The stomach must be toned up—strengthened. The herb tonic—Laxative.

Lane's Family Medicine

will do the work quickly and pleasantly. Sold by all dealers at 25c. and 50c.

LIVE NEWS OF BUCKEYE STATE

THREE UNUSUAL INSURANCE SUITS FILED IN CITY OF CINCINNATI.

Hocking Valley Miners—Operation Changes Boy's Nature—Lease Gas Plant—Brevities.

Cincinnati, O., April 11.—As a result of the recent insurance developments three suits of an unusual character were filed here. The plaintiff is David Baumgarten and the defendant is the New York Life Insurance company. The suits are all for the recovery of premiums paid on lapsed policies. The basic allegation is "fraud upon policyholders," and carries the various allegations that the officers of the company paid excessive salaries, squandered large sums of the policyholders' money in illegal expenses, rebates, bribes, contributions to political campaigns, and that the trustees invested large sums in syndicate operations for exploiting stocks and bonds and other securities for their own profit and not to the advantage of the policyholders.

Hocking Valley Miners.

Athens, O., April 11.—Little was accomplished here by either miners or operators. The miners met in convention for the purpose of taking up the task of formulating the scale on local conditions which they will demand from the companies which have signified their intention of signing the general 1903 scale. The question whether or not the engineers and firemen at the mines of the Sunday Creek company would be allowed to continue work pending the adjustment of the scale was also discussed.

Operation Changes Lad's Nature.

Toledo, O., April 11.—By means of a surgical operation, by which a piece of bone nearly an inch long was removed from the brain of Harold Hurley, a complete change of his nature was wrought. The boy, who is but 12 years old, was sentenced to the industrial school on account of his bad conduct. The change in his character came several years ago, after a fracture of his skull. Since the operation he has entirely changed, and he is no longer a wayward lad.

Lease Gas Plant.

Cincinnati, O., April 11.—The lease of the business and plant of the Cincinnati Gas and Electric company for 99 years to A. S. White and associates of New York was ratified by the board of directors of the local concern. The lessees are to form a holding company with a capital of \$20,000,000 and guarantee to put \$2,000,000 in improvements within the next two years. A deposit of \$3,000,000 in cash to guarantee payment of dividends is also required.

Claim Company is Insolvent.

Cincinnati, O., April 11.—Frank S. Monnett and H. C. Doran will file a petition in bankruptcy against the Massillon Bridge company in the United States court at Cleveland, having prepared the papers here. They base the insolvency claim on judgments awarded them recently amounting to nearly \$35,000.

Dust Explosions.

Cincinnati, O., April 11.—Dust explosions endangered the lives of a score of firemen who were battling with flames that almost entirely destroyed the third intermediate school on Franklin street. The loss of \$25,000 is total, as there was no insurance.

Missed Boat; Hangs Himself.

New York, April 11.—Believed to have been despondent because he had missed a vessel that was to take him to his fiancée in Hungary, Martin Weinmuller of Dayton, O., committed suicide in a hotel. He hanged himself from a bed post by his suspenders.

Drowned in Small Stream.

Alliance, O., April 11.—George Eslick, 35, proprietor of a grain elevator at Moultrie, eight miles south of this city, while going to his work fell into a small stream he was obliged to cross and was drowned. He leaves a widow and seven children.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurt.

TUXEDO CLUB 10¢ CIGAR

GRAMMAR LEAGUE

Of the City Schools Will Be Reorganized by Physical Director Ludwig.

The Grammar school league will be reorganized. Physical Director Ludwig of the Y. M. C. A., came to this conclusion after considering several different plans in his mind. It was first thought that a Sunday school league would be organized, but the former plan was at last decided upon. Mr. Ludwig asks that all the managers of the various teams meet at this office in the Y. M. C. A. building next Saturday afternoon at 3 o'clock to perfect the organization and discuss the plans for a schedule.

If you buy your boy's suit at Geo. Hermann's, you're sure to buy it right.

Your Blood

Needs purifying and your whole system renovating in the spring, as pimples, boils, eruptions, loss of appetite and that tired feeling annually prove.

Hood's Sarsaparilla is the most effective medicine ever devised for the complete purification of the blood and the complete renovation of the whole system.

It will make you feel better, look better, eat and sleep better and give you the best possible preparation for the hot days of summer, as over 40,000 people have testified in the last two years. Today buy and begin to take

Hood's Sarsaparilla

Usual form, liquid, or in new form, tablets, 100 Doses One Dollar.

New Styles in Wall Paper Exclusive Designs

Paper for the living room or parlor, for the dining room, bed room, hall, kitchen, pantry, bath room.

Prices Right

Which means that if you were to recover the walls of every room in your house, you'd save money by buying the necessary paper in this store. And with our stock of unusually pretty patterns to choose from you could make every room twice as attractive as ever before.

Then too, if you buy your paper at this store you need not fear of seeing it in every house you go, this we avoid by buying only 2 or 3 rooms of a pattern, thus making almost all medium and better grades, exclusive designs.

The man in charge of this department has made the study of wall paper his life's work and he won't allow an inferior roll of paper to enter this store.

We carry the largest stock of wall paper in this section of the state. Nearly two thousands designs to select from.

Prices Range from 3c per roll to \$18 per roll

E. Powers, Miller & Co.
NEWARK'S BIG DEPARTMENT STORE

ARRAIGNMENT OF BEN DICKERSON

By Attorneys for the State Does Not Seem to Bother the Accused Man in Least.

Coshocton, April 11.—After the afternoon recess Attorney T. C. Roche commenced his argument for the defense and he had only half finished at the time of adjournment last evening.

In his opening statements Mr. Roche made the sensational charge against the prosecuting attorney that he had sought to suppress evidence in the case and he undertook to back his declaration by showing that conversation of a friendly nature to the defendant was not called out in the examination of witnesses when it might have been, and that at several points the defense was fought for hours in their efforts to get such information on the record.

The judge next gave himself to a review of the arguments of Attorneys McDowell and Wheeler for the state. He charged Mr. McDowell with misquoting the testimony. He said:

"If his misquoting was due to a defective memory he might be excusable, but if it was intentional, then it was malicious and he needs the ministrations of a priest." At this Mr. McDowell appealed to the court, but was wrapped down and given an objection.

With reference to McCoy Judge

Roche made the charge that he had been manipulated by the state, that while his testimony might not have been written out for him, the method used was every more reprehensible.

The tracks through the run attributed to Ben were fiercely assailed and it was contended that Ben was on another part of his far mand could not have come from that point to the spring. The point is a sore one for the defense and is giving it a great deal of trouble now.

SUIT CASE

Found on Main Street Bridge by Policeman—Clothing and a Dog Found in the Grip.

"Boston is no longer alone in its boast of a 'suit case mystery.' Newark has a suit 'case' to solve which places the Boston mystery in the shade. Officer Will Howard picked up a suitcase, almost new, on the East Main street bridge, between two of the big girders. The grip was taken to the city prison where it awaits the owner. Chief Sheridan made an examination of the contents of the case and found a large assortment of new laundry clothes, a magazine and a dog—the latter was of the stuff variety and experienced no inconvenience from being confined to the suit case. It is not known whether the owner of the suit case is at the bottom of the North Fork or if it was just forgotten by some thoughtless person.

Building Collapsed.

Pittsburg, April 11.—One person was killed and two others slightly injured in the collapse of a five-story brick building here. The victims were laborers. The upper two stories of the building had been dismantled, when, without warning the remaining three floors fell with a crash. The ruins were completely overhauled without further bodies being found, and the contractors announced that all the men have been accounted for.

To Air Chinese Boycott.

Washington, April 11.—The senate committee on immigration agreed to take up Senator Tillman's resolution directing the committee to make an inquiry concerning the causes for the Chinese boycott against American trade. Officials of the state department will first be heard and from their testimony a program of the hearings will be arranged.

TELEPHONE STATISTICS.

At the close of 1933 there were in the United States less than 200,000 rotary telephones, an average of one telephone for every 230 individuals. In 1902, eight years later, the census returns indicated 2,300,000 telephones, 1,000,000 of which were independent, and 1,300,000 operated by the Bell companies. Practically all important cities of the United States are now occupied by a Bell and an independent company.

On the Pacific slope a Los Angeles company with 20,000 subscribers, on the Mississippi river a St. Louis company with 18,000 subscribers, on the lakes of Cleveland a company with 20,000, all independent companies, and dotted across the continent an innumerable host of lesser companies are expanding, while in the far east on the threshold of New York City, at Philadelphia, the Keystone Telephone company, not yet four years old, is approaching the 21,000 mark.

At the present date conservative authorities estimate the 2,500,000 to 3,000,000 for the independents and 2,000,000 for the Bell system, a total for the entire country of from 5,000,000 to 5,500,000 telephones. In 12 years, then, the industry has grown from one telephone to every 230 individuals to one telephone to every 16 individuals, a sevenfold expansion. Seldom has an industry displayed so great a percentage of growth. During the last 11 years 5,000,000 telephones have been installed, against 300,000 during the first 15 years of the invention.

At the present date conservative authorities estimate the 2,500,000 to 3,000,000 for the independents and 2,000,000 for the Bell system, a total for the entire country of from 5,000,000 to 5,500,000 telephones. In 12 years, then, the industry has grown from one telephone to every 230 individuals to one telephone to every 16 individuals, a sevenfold expansion. Seldom has an industry displayed so great a percentage of growth. During the last 11 years 5,000,000 telephones have been installed, against 300,000 during the first 15 years of the invention.

TUXEDO CLUB 10c CIGAR HOGAN QUIT'S JOB

Gives Up Gentle Pastime of Bossing a Gang of Laborers at Ohio Works Plant.

Marty Hogan, manager of the Ohio Works baseball team is no longer a laboring man. He has carried his tin bucket and dirty face home for the last time. Hogan cast up his job of bossing foreigners and from now on will devote his entire time to looking after the interests of the ball team. He will establish down town quarters in a few days. For several months Hogan has bossed a crowd of foreign laborers and thus learned to curse in several languages. He believes this may be a good accomplishment if things go wrong this summer. If Marty should stand up in front of the ball this summer and say:

If All Else Has Failed Just Try Once More

This may be the one time you will get relief. It has been the experience of others. If you have tried nearly everything for your

Rheumatism

without a cure or even relief, TRY

Ath-lo-pho-ros

and you will be soon free of all aches and pains. A Cure is surely worth a trial. We have had over twenty years' experience, and your chances of recovery are even better than the thousands we have already cured. Athlophoros goes right to the seat of the disease and eradicates it entirely. Rheumatism is caused by Uric Acid in the blood and joints. Remove the cause and the disease disappears. Athlophoros dissolves the Uric Acid and removes it from the system. Do not suffer longer. Use Athlophoros. You will have relief almost immediately.

FOR SALE BY ALL DRUGGISTS. THE ATHLOPHOROS CO., New Haven, Conn.

ABOUT PEOPLE

Mrs. D. R. Moore of Columbus is visiting friends in the city.

Mr. John DeBow of Granville was a Newark visitor Wednesday.

Mrs. Phidella Colville of Elmwood avenue, was called to the bedside of her daughter, Mrs. Harry Smith, of Dayton, who sustained a stroke of paralysis. Mrs. Smith is well known in Newark having lived here for a number of years.

Labor Legislative Committee.

Washington, April 11.—If the action in this city of the Central Labor union meets with the approbation of the other central bodies throughout the country, there will be established in this city a labor legislative committee to look after all matters of legislation in congress affecting labor one way or another. The proposed labor legislative body will be composed of a representative from each of the 559 central labor unions in the United States.

More Insurance Bills.

Albany, N. Y., April 11.—The senate passed unanimously two of the insurance bills, one amending the general corporation law as to acquisition of real property by life insurance companies, the other amending the penal code so as to prohibit the giving of rebates in life insurance business. Both bills have passed the assembly, and now go to Governor Higgins.

Banker Drops Dead.

Bloomington, Ill., April 11.—James R. Pollard of Minto, president of the People's bank of Minto and of the Chicago and the Muddy Coal and Coke company, owning mines in Illinois and Indiana, dropped dead here.

CURRENT THEATER NEWS.

The first performance of John Philip Sousa's new comic opera, "The Free Lance," was given at Springfield, Mass., March 2. The reception given it indicates it will attain to much success. Harry J. Smith is the author of the book and lyrics. One of the musical selections, "On to Victory," which closes the first act, received encore after encore. It is said to be a typical Sousa march. Much

laughter was secured by Joseph Cawthorne in the leading comedy role and Jeanette Lowrie also elicited much applause in this respect. The prima donna role was sung by Nella Bergen.

Jameson Lee Finney has been engaged by Henry M. Savage to play the leading role of Billy Woods in "The Stolen Story." This play is a dramatization of Jesse Lynch Williams' story of the same name which appeared in Scribner's Magazine some years ago. Since that time Mr. Williams has elaborated it into a novel and it is this version which has been placed on the stage.

Miss Alice Neilson has denied that she will return to comic opera next season. The success she is meeting in light opera she says makes any such change in her plans impossible.

The farce "It's All Your Fault" by Edgar Selwyn is now one of the hits of the New York entertainments. Farce has been very successful in New York this season.

Robert Mantell is again in the limelight, promising new Shakespearean productions next year. He gives the information that he will revive next season "Measure for Measure" and "Love's Labor Lost."

GREAT SOUTHERN THEATRE.

What could be better than the selection of Donizetti's charming comedy opera for the reappearance of Alice Neilson in her own country? It is one of the most delightful roles in classic operas, affording opportunities, entirely exclusive, Miss Neilson's early successes in "The Singing Girl" and "The Fortune Teller." Miss Neilson appears at the Great Southern Theatre, Tuesday, April 17. It is not likely that any one will be disappointed in her performance. Miss Neilson was one of the greatest favorites of the light opera stage four years ago. Today she is one of the recognized artists of classic opera. "Don Pasquale" is filled with melody and exquisite comedy. The role of Norina should be Miss Neilson's personality in every detail. The report of the company supporting Miss Neilson is "The very best that could be engaged in Europe." So a great treat is promised. Seat sale opens April 15.

A large number of people are likely going from here to Columbus Wednesday or Thursday night, April 18 and 19, to witness the famous musical comedy, "Coming Thru the Rye," at the Great Southern. This is one of the greatest companies that ever came to Columbus. It numbers 80 people and three baggage cars are required to transport its scenery and costumes. The crowds will be so great at both performances that it would be advisable to order seats in advance by mail or phone. Seat sale opens April 16.

THERE'S A KNACK

About Knowing What to Eat, to Get All the Good There is in Your Food and With the Least Effort.

Why Not Eat Less and Digest All You Eat?

The bodies of elderly people especially are worn and easily tired. They need all the strength they can get. Their stomachs especially must be saved from doing too much work. Heavy foods should be avoided.

"I can't get along without it." A food that demands the least amount of work from the stomach, is the most nourishing and strengthening of all foods.

Such is Hardyfood.

It is the happiest combination of the most nourishing foods in the world, wheat and malted barley. One need hardly have a stomach to digest Hardyfood. It is so exquisitely nourishing and invigorating.

In making Hardyfood, nothing but the life of the grain is used—all the worthless and indigestible portions are cast out.

Hardyfood makes brain, heart, bone, muscle, fiber and nerve. It gives the maximum of strength and demands the minimum of digestion.

For old people it renews the strength and vigor of youth, and for the youth it builds a firm foundation for a vigorous future.

Hardyfood is far superior to bread or biscuits. The very nature of wheat is chemically changed in the oven, at the expense of the yeast and the heat. Hardyfood is the pure, undisturbed path of the purest cereals.

Throw away your medicines and cure your stomach trouble by letting Hardyfood have full sway in building up your health.

Too many people eat meat and other heavy foods, and of course they digest a very small percentage of them. Why not eat less and digest all you eat? It will strengthen your stomach and put a smile on your face. Try it.

Hardyfood is delicious and appetizing and can be served in many tempting ways. 4-11-w-6-6t

Bad Blood

Catarrh is distinctly a bad-blood disease. The external signs are unmistakably shown by eruptions, pimples, dry scaly skin, rash and eczema. This condition might naturally be expected, since, in fact, Catarrh is an internal scrofula, destroying the tissues just as surely as does scrofula on the skin. People do not see what is going on inside and they are inclined to let it go from bad to worse, until there is a breaking-down of the entire system, with loss of appetite, general weakness and debility, no ambition to go about as before, and presently consumption takes hold. The time to remedy the trouble is when it is Catarrh, and the remedy to use should be a special prescription for Catarrh. That remedy is Rexall Mucin-Tone.

We sell more bottles and hear more good reports about Mucin-Tone than we do of all the other Catarrh remedies in our store, but the reason is not hard to understand. Mucin-Tone is designed specially to cure Catarrh, being prepared from the prescription of a physician whose specialty was Catarrh for thirty years. Now do you wonder that Mucin-Tone cures Catarrh? We don't. That it has cured ninety-eight per cent. of the people to whom we sold it is no surprise, because it works in a sensible, scientific way, destroying the deadly parasites that float through the blood in the system, and which spread the trouble. Then, as its very name implies, it tones the mucous tissues—the tissues that are being ravaged by the catarrhal parasites—and there is new life and tone in every drop of blood and every cell in your body. It adds weight to run-down people.

We have a large trial size of Mucin-Tone at fifty cents per bottle, and we guarantee it to give satisfaction or refund the money you pay us.

For Nervousness—Rexall Americanitis Elixir, 75c.

Main Floor—Orchestra Stand.

NEWARK TO PLAY DAYTON CENTRAL

OTHER PRE-SEASON GAMES EXCEPT WITH DENISON HAVE BEEN CANCELLED.

More Players Arrive Wednesday—
 Fred Linke is Latest Man to Reach Town.

 The following players of the Newark O. & P. team have already reported:
 * Manager Bates.
 * Outfielder Snyder.
 * First Baseman Snodgrass.
 * Pitcher John Phillips.
 * Outfielder E. L. Bradley.
 * Pitcher Frank Grubbs.
 * Third Baseman Harry Miller.
 * Outfielder Delos D. Drake.
 * Pitcher Peter J. Laney.
 * Pitcher C. G. Fullerson.
 * Pitcher Howard Stone.
 * Pitcher William Ellis.
 * Infielder L. W. Henderson.
 * Infielder Fred Farrow.
 * Infielder Elmer Locke.
 * Pitcher Edward A. Beach.
 * Third Baseman Ivo Wratten.
 * Pitcher John B. O'Neil.

Next Wednesday and Thursday the Newark O. & P. team will go to Dayton for their opening game with the Dayton Central league team. These dates were announced by Manager Bates Wednesday afternoon. The dates with Springfield have been cancelled, so the Dayton games will be the real big games of the pre-season series. It was necessary to cancel the game with Manager Straud's Emory State of the City league for Wednesday, April 18.

Five more candidates for the Newark ball team arrived in the city on Tuesday night and Wednesday morning and were quartered at the Manhattan hotel. Third Baseman Ivo Wratten was among those who reported. John B. O'Neil, the youngster from Youngstown is also in the fold and will proceed to "show" Cotton Bates what he has stored away in his wing. Others who reported were Fred Farrow, an infielder, Elmer Locke, a third baseman, and Pitcher Edward A. Beach.

Uniforms were given out this morning for practicing and with a good supply of bats and balls, the squad proceeded to the Y. M. C. A. park, where their first working out will begin. Taking the bunch as a whole they are much larger and heavier than last year's candidates. The impression is given that all are more seasoned ball players than "Snow's" candidates who reported last April.

Bates was a busy man and had but little time to talk to the sport writers about his men. Wratten shook hands with his friends about town.

BIG LANDSLIDE CAUSES TROUBLE

DIFFICULTY EXPERIENCED IN REMOVING THE LOOSE EARTH.

Which is Estimated at 150 Tons—
 Railroad News of Local and General Interest.

The B. & O. railroad company is having considerable difficulty with a landslide which covered the tracks near Norwiche, on the Central Ohio division, at what is known as the Norwiche hill or grade No. 16. At present and for the past several days that wreck train stationed here has been at Norwiche clearing away the debris of the landslide. The earth and soil of the huge embankment came down upon the roadbed for a distance of more than 150 feet along the track. It is estimated that 150 tons of earth came down in the slide. A force of 50 laborers has been employed in removing the rock and loose earth. Although the slide did not cause a delay or cessation of traffic it has caused considerable work and the expenditure of much money. The Norwiche hill, known to railroad men as grade No. 16, has been a huge problem to the railroad engineers for years. The B. & O. company has had trouble there annually. It will be remembered that some time ago surveys were made in an endeavor to find a route which would eliminate the grade, but a better route could not be found.

Out for Practice.
 The entire Newark squad went to the Y. M. C. A. athletic field last afternoon for practice. Accommodations have been secured for them at the Y. M. C. A. building for bats, etc.

BOYD CHAMBERS HAS RESIGNED

DENISON'S BALL CAPTAIN AND PITCHER COULD NOT QUALIFY.

Frank Larne, an Outfielder Elected to Succeed Chambers—New Man a Sigma Chi.

Pitcher Boyd Chambers of Denison university has resigned and Outfielder Frank Larne, one of last year's players, has been elected his successor. Such was the startling news sent out from Granville today. The action was taken by the board of athletic control last Monday night, but the announcement was not made public until today. One of the members of the board, when asked for the reason of Chambers' resignation, said that no reason was considered except the fact that the pitcher asked to be relieved from his position.

It is known, however, that when Chambers returned to school last fall that he told several members of the board that he would not qualify this year as a ball player. This closes Chambers' college baseball career but he will finish his course and graduate with his class next June.

Larne, the new captain, is a popular player on the team and is a member of the Sigma Chi fraternity.

See Gen. Hermann the Clothier's display of Easter Neckwear. 10-3 night.

MEDICS VS. DENISON

First Ball Game of the College Season Will be Played at Granville Saturday.

The Denison baseball team will open the season at Granville next Saturday afternoon with the Ohio Medical university of Columbus. This is the second game of the schedule, but the first game, with the Mutes of Columbus was cancelled on account of the condition of the athletic field at Denison. The schedule of the Granville college team is the same as published in the Advocate several weeks ago, with the exception of June 11. This date was left open, but has since been filled by Ohio State university, the game to be played at Granville.

Saturday's game will be called at 3 p. m., giving Newark people who want to see the game an opportunity to get to Granville in time to see the game. The Medics have a strong team this year. Farson, who formerly played with Newark is one of the stars on the team.

They skating at the Palace to-night.

WILL SIR THOMAS MAKE ANOTHER EFFORT?

The Shamrock III at John N. Robins Co's shipyard, Erie Basin.

The Reliance at Robert Jacob's Yard, City Island, N. Y.

New York, April 11—When some superintended the construction of a New York Yacht club or among the yachtsmen that took part in new challenges. Now the statement the ocean race for the Kaiser's Cup has been made in a sort of positive return to New York there were way that the designer needed has whispermings that Sir Thomas Lipton been found in Mr. Alfred Myhre, of that in a semi-confidential way, he has been commissioned to make the necessary plans for the next challenging yacht. The report of this preliminary step by Sir Thomas in his apparently determined purpose to require another match for the America's Cup, if possible, has not yet caused much discussion among the members of the

and said he never felt better in his life. He had a good willow stick in his hand. "This is a pretty good bat, and I guess I will hang onto it for the season." This sounds as if Wratten expected to boot up his batting average over last year.

As yet, no catcher has reported except Snodgrass. Belger and Doyle are expected today and as soon as they arrive the work will commence in earnest. "Lefty" Snodgrass is proving to be a great help to Bates and is acting as his lieutenant in getting the men uniformed and provided with bats and gloves.

Frank Larne, an Outfielder Elected to Succeed Chambers—New Man a Sigma Chi.

They skating at the Palace to-night.

TUXEDO CLUB

DAY'S BUSINESS IN COURT HOUSE

In Circuit Court.
 The case of the John A. Roebbing Sons Co. vs. The Shawnee Valley Coal and Iron company, was argued to the court today. This is a suit to collect unpaid subscriptions to the capital stock of defendant company and to enforce the statutory liability of the stockholders in said company. Stasel, Hunter & Hunter, Kibler & Montgomery, Flory & Flory, J. B. Jones, Judge Rees.

Petition for Partition.
 Martha J. Guttridge and husband, James Guttridge; Sarah C. Guttridge and husband, George W. Guttridge; Mary E. Bolen and husband, Elmer Bolen; and Elmira S. Young and Francis Young, her husband, have filed a petition in the Common Pleas court against Sarah J. Dushimer, for partition and assignment of dower.

The plaintiffs Martha Guttridge, Sarah C. Guttridge, Mary E. Bolen and Elmira S. Young say they are the only children and heirs at law of Benjamin Dushimer, who died intestate on or about the 11th of February 1896, leaving defendant, Sarah J. Dushimer, his widow. Plaintiffs ask the court that the dower of the defendant in certain real estate, be set off and assigned to her as required by law; and that subject thereto, partition be made of the lands if the same can be done without manifest injury to the premises; if not, then that such proceedings be had as are provided by law. John M. Swartz, attorney for plaintiffs.

Suit for Divorce.
 Lora McClain, by her attorneys, Smythe & Smythe, has filed a petition in the Probate court asking for a divorce from her husband, John McClain. The parties were married on September 7, 1893, and one child, Mary McClain, now ten years of age, was born of the marriage. The defendant is charged with failure to provide, and with being an habitual drunkard. Plaintiff asks for a divorce, alimony and custody of the child.

To Jail for Beating Bill.
 John Price and William Wright, charged with beating Messrs. Kirk & Ransom, proprietors of the Brunswick hotel, out of a board bill, were

Real Estate Transfers.
 Malinda B. Murphy to Frank I. Rurrell, 80 acres in Hartford township, \$5000.

Thomas W. Richards and wife to Charles F. Schaus, lots 1, 2 and 3 in George P. Eaton's addition of outlots to the City of Newark, \$1400.
 Mary Whitaker and others to Joseph Moser, real estate in West Newark, \$6000.

Patrick McKinney and Sarah J. McKinney to Oliver P. Cook, 11 acres in Newark township, \$850.
 Orval Belknap and wife to Isaac R. Tharp, real estate in Summit Station, \$100.
 Orval Belknap and wife to Mary C. Beals, real estate in Summit Station, \$1100.

Wm. P. Tharp and wife to Isaac R. Tharp, real estate in Lima township, \$100.
 Emory Myers and others to Warner C. Dent and others, 55 1-2 acres in Hartford township, \$2,900.

Almon T. Thresher and wife to Lewis W. Perry, west part of lot 115 in the tenth block of lots in Granville, \$6000.
 O. Honora O'Gorman to Anna Mott, real estate in Newark, \$650.
 Elmer Ott and wife to John C. James and Emma V. James, real estate in Newark, \$550.

The Alexandria Bank company to C. O. Wells and others, real estate in Alexandria, \$825.
 Lyndley B. Wilson and wife to the Wilson Stone company, real estate in Franklin township, \$525.
 Fred B. Moreland and wife to John Baynes, 30 acres in Lima township, \$1150.

CHARGED WITH EMBEZZLEMENT
 Dresden Young Man Said to Have Gotten \$125 of Employer's Good Money.

Officer William Howard arrested Charles Hahn of Dresden Tuesday night in East Newark on a charge of embezzlement. The arrest was made on the request of the Marshal of Dresden who stated that Hahn embezzled \$125 from his employers there. When placed in his cell at the prison, Hahn stated that he was employed in the knitting mill at Dresden. He had \$100 to still in his possession when arrested.

LOWNEY'S BREAKFAST COCOA
 Cocoa beans grow in pods on the trunk and limbs of a delicate tropical tree. They contain six times more food value than beef.
 We use the highest cost beans that are grown and there is nothing in our cocoa but cocoa.
 That is why it is the most delicious of COCOAS.
 THE WALTER H. LOWNEY CO.

FATHER WEBERLE WRITES OF THE PARENTS' DUTIES

A Comment on Hearing of Children
and the Death of a Beloved
Young Woman.

Katherine Durant, a pretty 18-year-old girl of Belaire, died at the home of Mrs. Kate Davidson, No. 918 Market street last Thursday ostensibly of convulsions, but peculiar circumstances in connection with the case tend to it an air of mystery.

Father Joseph Weberle, formerly of Newark, in an open letter commenting on the case writes as follows:

In the last day or two the readers of our papers were startled concerning the circumstances attending the sudden death of this young woman in double-bedded columns there was printed whatever could be obtained by way of information concerning the sad end of a girl in the prime years of life, and the reading public was left to conjecture the rest. The last chapter gave out the startling verdict reached by a public official the coroner. It is contained in the sentence which I presume to quote from the Wheeling Register, under date of April 7: "The coroner then rendered a verdict that death was caused by convulsions, 'superinduced by alcoholism.' What an awful verdict to render over the lifeless body of a young woman scarcely 19 years of age! Do fathers and mothers realize the full meaning of these words falling from the lips of a public official about the sudden death of a young and beautiful girl? Only the dawn of eternity will disclose all the secrets of circumstances preceding the terrible end of that young woman.

But, to reflect for a moment. When one considers the indifference shown by some parents in the raising of their children, is there any other result to be expected? If parents will permit their children to be raised on the street one must necessarily expect scandal to arise sooner or later. There are girls especially who are permitted by their parents to remain out at night at all hours, to run the streets until nearly midnight, to be accompanied by young men whose conversation and actions are the index of souls steeped in lewdness. In fact, many of our girls sitting on the school bench are encouraged by their parents to engage in intimate friendship with boys, and consider themselves ladies only when accompanied by some main alone in a room with her visit-

stapling who has nothing in his pockets and still less in his head. The serious aspects of life are tabooed by many, and uniform entered in that are raucous and disastrous in the extreme, and life's brightest hopes forever blasted. Not only is the vigilance of many parents most lax in this respect, but there are other parents who, while not permitting their children to run the streets at all hours of the night, nevertheless will permit their daughters to sit up alone until late hours with their young fellows. Is it any wonder, then, when the public he is made acquainted with gross scandals? A respectable parent will not permit his or her daughter to remain alone in a room with her visit-

ing "gentleman friend." Neither will they permit their daughter to remain alone with a stranger. If the conversation passing between a young lady and her friend is not fit for a father or mother to hear, I do not hesitate to say that it is not fit for her, either. Another evil that leads up to such tragedies as we have just read of in the Durant case, is that of promiscuous gatherings of young men and women at balls, etc. There are parents whose great ambition appears to be to have their daughters accomplished dancers, and even girls of tender age are sent to dancing schools to acquire this so-called accomplishment. Another source of danger to the young is the reading of trashy literature—the

dime novel. The minds of our boys and girls are filled with the sentimental, silly vapors of imaginative minds, and the passions of their tender breasts aroused and inflamed. The true concepts of life are lost, and the youthful reader aspires to imitate the hero or heroine of a novel. The frequency of love shows add not a little to the danger that lies at the feet of our boys and girls. But while all these considerations should prove a warning to parents having the care of young boys and girls, what is there to be said when we find the very fathers and mothers lost to all sense of honor, self-respect and duty? When parents who should prove to be the visible guardian angels appointed of God to watch over their children are addicted to cursed drink, is it any wonder that a coroner's verdict will be rendered over the lifeless body of their child, "death caused by convulsions, superinduced by alcoholism?" What an awful revelation! In the sad circumstances attending the sudden death of this girl Durant let these fathers and mothers learn a lesson who are careless about the bringing up of their children. God alone knows how often the priest pursued such wayward people. When their children were yet young he found them—father lying dead drunk on a bed, a mother half-mad and unable to stand erect because of liquor, the house a place of such filth and equal filth not a dog would remain in it. When efforts were making to take the children—and one of them was this very girl—it was found that people not related to the family would give them an asylum and prevent the minister of mercy and pity from securing possession of the children. Not many months ago, while the mother was lying in the county jail, and the father on a drunken spree, the last effort was made and rendered abortive by the interference of people who had no interest in the family. Let those people now go to that desolate home and view the corpse of the girl whom I would have placed in an asylum of refuge but whom they have been instrumental in ruining. What an awful responsibility before God and man guilty parents and their friends have assumed! Yet, gentle reader, the fearful picture of misery, disgrace, and tragic death of this girl is but one out of many. Only now and then is the veil drawn aside, and the degradation and consequent misery exposed to public view. Let the parents look to their daughters and fathers attend to the scrupulous care of their families. If children had an angel out of the highest heaven for a tutor and have not the example of sobriety, religion and duty in the home circle, the school will avail but little. It is only by the hearty co-operation of parents, especially in their example at home, that our schools can hope to instill within their pupils the principles of virtue in the hearts of their children. For fathers and mothers remember that the child looks to the picture of their lives for the illustration of the lessons in virtue and studies that picture with the same assiduity as it studies the picture in its school book—yes, I dare say, studies the life of its father and mother even a thousand times more.

When the setting sun throws the mantle of darkness over the beautiful nature that rejoiced in his rays, let parents gather together their children beside the hearth of the home, as the hen gathers her chicks under her wings; let the father remain at home beside the wife whom he has vowed to love when wooing her; let father and

mother combine their best efforts to render their home cheerful and happy and the children will delight to remain there. There is much more to be said, however. Benevolent reader, you have already been patient with me long enough. Let us hope that such sad tragedies will not occur again. In conclusion I would say: Parents, look carefully and unceasingly to the sons and daughters whom God has entrusted to your care, for their souls will be demanded at your hands.

JOSEPH M. WEBERLE,
Pastor of St. John's Church,
Belaire, Ohio.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The certain, rational cure for Catarrh is Ely's Cream Balm and the relief that follows even the first application cannot be told in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren street, New York. mwt-t

Free Organ Recital.

On tomorrow, Thursday afternoon at 3:30 o'clock, Mr. V. Raymond Nold, organist and choristmaster of Trinity church, will give the seventh and last of his series of free, weekly, Lenten organ recitals. The following is the program:

La Fete Dieu—Dubois.
Offertoire in E-flat—Dubois.
Toccata in G—Dubois.
Lento—Jatassohn.
Elegie—Grieg.
Canzonetta—Gade.
Marche Funebre—Chopin.

NOTHING COMPARES TO FATHER WILLIAM'S PINK PEPS FOR ALL DISEASES OF THE LIVER AND KIDNEYS, STOMACH AND BOWELS.

It causes a vigorous action of the LIVER, digesting the food causing a regular free movement of the BOWELS, cleanses the KIDNEYS, purifies the BLOOD, makes you well, keeps you well. It only costs you 20 cents to try it. In Tea or Tablet form. W. A. Erman & Son, Third st., and Union and W. Main.

TEACHERS' SALARIES.

Among the new laws enacted by the recent Legislature is what is known as "The Teachers' Salary" enactment, providing that no teacher in Ohio public schools shall receive less than \$10 a month for less than eight months in the year.

Prof. S. K. Mardis, of Toronto, O., is the author of the bill and it was presented by Senator Duval.

The act provides that every school district not able to pay this minimum rate shall receive enough from the state treasury to make good. As a rule teachers of common schools get rather poor pay as compared with wages paid in other business and this act will stimulate both employers and employees to better qualifications and greater efficiency and thus be of great value to educational progress.

Prof. Mardis is also the author of the bill which takes school board elections from partisan politics. These bills are considered two most important educational measures.

A GUARANTEED CURE FOR PILES
Itching, Blind, Bleeding or protruding Piles. Druggists will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. mwt

SHERWOOD APARTMENT HOUSE, FIRST AND MAIN.

The above is an exact likeness of the new Sherwood apartment house to be erected at the corner of East Main and First streets by the Sherwood Improvement Company. The new building is to be a four story structure with a large, roomy basement. In all, the building will contain 62 rooms which will be furnished and let by the owners in suites of from one to five rooms. The basement will contain two completely fitted offices for doctors, on the East Main street side, each having three rooms. It will also contain an elegantly designed lounge room for the accommodation of the tenants, a spacious dining room, kitchen, servants quarters, and the boiler rooms. The entire interior will be finished in oak and all of the floors will be polished, the ceilings to be of oak panels. The windows will be of cut glass. The new structure will be the most modern in design that has ever been suggested for Newark, and will be imposing in all its appearances, with the main entrance facing First street and a nearly designed entrance on East Main. The entrance will be of white Italian marble, with porches supported by colonial pillars. Work on the construction of the building will begin at once.

SEBACH SOBS WHILE DENYING HE IS GUILTY

Monroe County Prisoner Reaches the
Pen—Breaks Down While Tell-
ing His Story.

Columbus O., April 11.—Weeping like a child, with tears streaming down his face, marked with lines of sorrow and care which have come upon him within a few months, Charles Sebach, who was received at the penitentiary Monday for manslaughter, to serve three years, swore with uplifted hands in the presence of the penitentiary officials that he was innocent of the crime which had landed him in the penitentiary. Sebach was convicted upon circumstantial evidence of killing his sweetheart while they were preparing the home into which they were to move within three weeks.

"We were fixing up the house," he said, "and had been working hard all morning. I had laid down on a bed and took a nap and it seems that she did the same in another room where she was working. There were two other men in the house. The next thing I knew I was arrested. I did not see her alive after I laid down. Some one had shot her in the heart. They never proved that I shot her. Why, why should I, when she was soon to become my wife, and I loved her better than my own life." He was unable to proceed, apparently because of his grief.

His betrothed wife was Miss Anne Lane, of Woodfield, Monroe county. Sebach was convicted of shooting her, according to the testimony, while playfully toying with a gun which was filled with blank cartridges. The testimony was so purely circumstantial that he received a light sentence of three years.

Sebach was marked infirm and sent to the idle house for a short time. Warden Gould has received a letter which states that Sebach will make a trusty prisoner.

WOOL FOR MARKET

Large Eastern Firm Advises Farmers
to Sell Their Wool Unwashed.
Discourages Washing Sheep.

Mr. Lucius C. Hoyt, the well known wool buyer at Reform, this county, has received the following letter from one of the largest commission houses in Boston, which he requests the Advocate to publish:

Boston, March 20, 1906.

Mr. L. C. Hoyt,

Reform, O.

Dear Sir—The difficulty in market-

ing washed wool keeps increasing,

and we wish you would use your in-

fluence with the growers of your sec-

tion to stop the custom. The poor

way in which the bulk of this wash-

ing is done has caused most of the

manufacturers to stop using it and

the small amount available restricts

others from putting it in their goods.

In consequence washed wool is now

treated as a by-product and has to

wait its turn. A realization of this

was brought to all handlers last year

when nearly 50 per cent of the De-

laine, the cream of the output, had to

be carried in eastern markets into the

clip of 1905, and nearly 50 per cent

of the 1905 clip was left in local

speculators' hands, until a price was

put on this accumulation that

brought the clean cost practically on a

level of the much inferior territorial

product. This happened when other

classes of wool were on the beam

and hardly a pound of unwashed was

carried over. Not only have mills cut

washed wool out, but also many eastern

dealers. In years past almost every

house made an effort to get washed

fleeces, now the bulk of the buying

is limited to five houses and some of

these talk of quitting.

All this blame does not belong to

the grower, however. The method

of buying on an average has led to

too little discrimination between the

good and bad clips. The farmer who

did the poorest job often came out

with the best profit and naturally this

led others to try the same. In this

way the general average has been

growing poorer and poorer, so that

now there is only a section in eastern

Ohio and western Pennsylvania where

some farmers still wash their wool

and pay for their neighbors' negli-

gence. There was a time when a dif-

ference of a third was made between

washed and unwashed. With the de-

cline in the condition of washed

wool a new basis of 25 per cent was

started, but more recently this has

not covered the discount and last

year the difference in price was 50

small that it paid no man to wash.

Very few received over 35 cents for

best washed clips, and many had to

sell at 33 1-3 cents. Very little un-

washed was bought under 30 cents,

and much as high as 33 cents.

We do not think the growers are

wedded to the custom. They continue

largely as a matter of habit. Surely

if they realize they are not material-

ly benefiting themselves they will

not hunt the additional work. See

what you can do. Perhaps your local

paper will reprint a part of this cir-

cular.

Yours truly,

SKIN DISEASES

ACNE,
TETTER,
ECZEMA,
PSORIASIS,
SALT RHEUM.

No skin disease can exist without an underlying cause, and in nearly every instance that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids find lodgement in the blood in various ways, the most usual of which is from a lack of energy on the part of the different members whose duty it is to keep the system free from all waste matter.

Skin diseases are always worse in warm weather, and those who are sufferers from Eczema, Tetter, Acne, Psoriasis, Salt Rheum, etc., look forward to the return of Spring with a feeling of dread. During the cold Winter months we shut ourselves in as much as possible, and take a great deal less exercise than is customary in warm weather; we also indulge our appetites by eating of the heavy, rich foods of the winter season, which do not digest as readily as the lighter foods of Summer. This indoor life and lack of exercise cause all parts of the system to become inactive and listless, and as a result the channels of bodily waste do not properly carry off the refuse and waste matter, which is left from all food after the nutritive properties have been extracted. This refuse ferments and sours and is absorbed into the blood to weaken and render this vital fluid sour and acrid.

The skin is one of Nature's avenues for removing foreign matter from the system, being provided with millions of little pores and glands through which the unhealthy matter is expelled. As these fiery acids are forced out through these pores and glands they burn and blister the skin, producing Eczema, Tetter, Acne, Psoriasis, Salt Rheum or some other itching, burning skin eruption.

Eczema commences usually with a slight redness of the skin, followed by the formation of pustules, which discharge a clear, sticky fluid. This dries in crusts, and the itching is so intense that often great areas of raw flesh are exposed by the scratching indulged in, in an effort to get relief. In Tetter, the skin becomes hard and dry, often cracking open and bleeding, and as in Eczema the pain and itching are severe. Acne comes on the face and neck, usually, and while not so uncomfortable as other skin troubles, is unsightly and embarrassing. Salt Rheum is very much like Eczema, except that the head is its favorite point of attack; sometimes becoming so severe as to produce baldness. Psoriasis is a dry, scaly form of skin disease and causes acute suffering by its continual burning and itching. These, and all skin eruptions, rashes, etc., are due to the same cause, and the treatment that does any permanent good must be constitutional. Salves, powders, lotions, etc., cannot reach the blood; the most they can do is to temporarily relieve the itching and keep the places clean.

S. S. S. is the best treatment for all skin diseases; it goes down into the blood and acts with a cleansing, healing effect, and by neutralizing the acids and humors and removing them from the circulation, it cures the trouble permanently. S. S. S. does not leave the least particle of the humor for future outbreaks, but entirely rids the blood of the cause. It cleanses and cools the blood so that the skin, instead of being burned and blistered by the fiery fluids, is nourished by a supply of cooling, healthy blood.

S. S. S. tones up the system and regulates the different organs of expulsion so that they will carry off the waste and refuse of the body instead of leaving it to be absorbed by the blood. It is purely vegetable, and not only a pleasant, effective remedy, but is the one medicine that can be taken with absolute safety by young or old, and besides being the king of blood purifiers, is Nature's greatest tonic. Special book on Skin Diseases and any medical advice desired furnished without charge to all who write.

INSECTS DESTROY MILLIONS YEARLY

U. S. F. Professor Writes Interesting
Article on Control of These
Crop Pests.

The eleventh of the special articles that are being published in The Ohio Farmer from week to week is upon the subject of the Control of Insects and Fungus Diseases. It was prepared especially for this series by Prof. Herbert Osborn, of the Ohio State University, who is an eminent authority upon the insects that attack crops and garden crops. The author says, in brief in this week's Farmer:

A recent estimate of the damage done to crops of the United States by insects, places it at over \$700,000,000 annually; the aggregate loss due to fungus diseases will probably amount to about the same figure. Prevention of these losses necessitates a knowledge of the insect or fungus causing it. Some may be dealt with after the trouble is noticed, while others must actually be prevented.

Probably our most injurious orchard pest is the codling moth, which lays a yearly tax of between two and three million dollars upon the state of Ohio. This small moth deposits its eggs in the blossom end of a newly formed apple. The larva, or "worm" bores into the fruit, feeds upon the pulp, matures and issues by midsummer as a second brood. These deposit eggs, the adults appearing in the spring ready to deposit eggs and begin the game anew. Spraying with arsenic mixtures, such as Paris green, arsenate of lead and Disparene, will control the pest.

The Hessian fly is probably the most destructive wheat pest in Ohio. The insect passes the winter in the flaxseed stage, the adults appear in the early spring and lay eggs. The larvae from these eggs develop and cause the wheat stems to weaken and bend over, shortly before the ripening of the wheat. The "flaxseeders" from these larvae are generally low down in the stem and remain in the stubble, and the mature insects emerge to lay their eggs in late summer or early fall. Thus the plan of defeating wheat sowing until as late as possible will evade a large percentage of them.

There are two general classes of insects that attack growing crops: 1. Those that devour the substance of the plant; 2. Those that suck the juice from beneath the surface. The former, including the canker worm, potato beetle, most of the leaf-eating caterpillars, beetles, etc., are controlled by the application of arsenical poisons in the form of sprays. The latter are controlled by the direct application of preparations of kerosene and other oils that kill by closing the breathing pores upon the body of the insect. The worst fungus diseases we have to deal with are pear blight, potato blight, wheat rust and smut, and corn smut. The fungus diseases are controlled by either spraying with Bordeaux mixture, which is applied to the leaves and branches, or dipping seeds that carry the disease into a solution of formalin and water.

The leading insecticides are: Arsenate of lead, 1 to 5 lb. in 100 gal. water; very effective; does not injure foliage. Paris green, 4 oz. to 15 gal. water; should be mixed with lime for tender foliage. Kerosene emulsion, made by dissolving 1-2 pound hard soap in 1 gal. boiling water and churning 2 gal. kerosene emulsion in it by means of a force pump or squirt gun; dilute to 9 to 15 times its bulk of water and spray on. Lime sulphur wash: boil 15 lb. sulphur for 1 to 2 hours; shake 20 lb. lime and add, with boiling water, to make 50 gal. Apply hot.

The leading fungicide is Bordeaux mixture. It is made by mixing 6 lb. copper sulphate and 4 lb. lime in 50 gal. water. Dissolve the copper sulphate and shake the lime. Fill spray tank or barrel about half full and add the two. Then add water to make 50 gal. Keep stirred while applying. Formalin is used to prevent grain smut and potato scab. Mix 1 lb. 40 per cent commercial formalin in 30 gal. water, and soak the potatoes two hours in it, or spread grain on floor and sprinkle until wet. Cover over night with blankets or carpet, then dry. Full information upon these subjects may be obtained from the U. S. Department of Agriculture, Washington, D. C., or from any of the state experiment stations.

PEOPLE IN THE PUBLIC EYE

George C. Pardee.

GOVERNOR OF CALIFORNIA.

GOSHEN

Rev. Mr. Tedrick filled his regular appointment at this place Sunday at 2:30 o'clock.

Mrs. Lila Hartest and children and Mrs. Wesley Davidson and children visited Mrs. Wm. Deems Friday.

Mrs. Dora Frey and Mrs. Lizzie Myers were the guests of Mrs. N. E. Morris Friday.

Mrs. Jessenond Little and sister, Myra, visited at Mr. Allen Cossan's Tuesday.

Mrs. Forest Matthews and Miss Hattie Mizer were quietly married Sunday at the home of the bride near Esto.

Mrs. Wm. Frampton and Mrs. Frank Mizer visited Mrs. Walter Ascraft Friday.

Mr. Roger Myer and sister Andrea attended the examination at Newark Saturday.

Mrs. Wealtha Howell spent a part of last week with her daughter, Mrs. F. P. Rinchart of Newark.

Mr. Reuben Rinchart and wife who have spent the winter with Mr. Rinchart's mother, moved back to Newark Tuesday.

Mrs. Wm. Deems and two children, Inure and Oro, and Adah Taylor and son Elmus, visited at Mr. Wm. Frampton's Thursday.

Mr. Ross Taylor has gone to work for Mr. Jacob Aschcraft, where he has hired for the summer.

Mr. Otto Mossholder of West Carlisle, who has been visiting his grandparents the past week, returned to his home Saturday.

Mr. Thomas Biddle has moved on the farm known as the Ephraim Anderson farm.

Mrs. Dora Frey and Mrs. Deane Mizer made a business trip to Bladensburg Thursday.

Mr. John Martin and family passed through this vicinity Saturday.

Mrs. David Mossholder, who has been visiting her son Walter of Bladensburg, returned home Sunday.

Coal costs 77 cents a ton more than last year in Belgium.

JERSEY.

John Rogers Quirk has the pneumonia and is quite sick.

P. C. Meredith of Columbus spent Sunday with friends here.

About twelve men here attended the teachers' examination at Newark Saturday.

Miss Elsie Harrison went to Columbus Saturday.

Mr. Charles Brandy has sold his place to Bert Allen of Beech and will move to Columbus soon.

The ladies of the Bethel lodge surprised Mrs. G. H. Berger Wednesday by bringing her dinner and sewing her rug for her. About 20 were present and a good time was had.

James Mead and wife spent Sunday with A. J. Beaumont and family near Alexandria.

Mrs. D. B. Parler of Ash, was the guest of her father, Jacob Cornell on Wednesday.

AIKIN LAW IS NOW IN FORCE

The Aikin bill increasing the bow tax from \$500 to \$1,000 a year, was filed by Governor Clark I. P. Black of the governor's office, with the secretary of state, Tuesday afternoon. The bill is now a full fledged law.

If you buy your boy's suit at Geo. Hermann's, you're sure to buy it right. 10-31

CINCINNATI ORCHESTRA TONIGHT.

MR. FRANK VAN DER STUCKEN

The greatest music event of the year will take place at the Auditorium tonight. The house will be full at the popular prices of 25, 50, 75 and \$1.00. Mr. Van der Stucken expressed himself as greatly pleased over last year's year's Festival possible by patronizing concert in Newark, and enjoys having his orchestra play here. He will have an audience of the best people in Newark and it only remains to sell the seats, but are to give him a packed house. F. V. Hughes of Cleveland, Lorraine Scott, Make new year's Festival possible by patronizing concert in Newark, and enjoys having his orchestra.

PROGRESS MADE IN 50 YEARS

Druggist Frank D. Hall Says One of the Most Noted Examples is in Medicine.

"While electricity has supplanted the old-fashioned tallow candle for lighting purposes, almost turning night into day; while it has opened up our great country by a network of electric railways, while all kinds of machinery have been invented to do the work of hosts of people, we have just as noted an example in the field of medicine," said Mr. Frank D. Hall. "Fifty years ago every one knew of the latent medicinal properties contained in cod liver oil; physicians everywhere prescribed it, but thousands could not take it on account of the oil and grease which enveloped the curative, strengthening properties it contained, and in many cases where they could take it it would do no good."

"Now all this is changed," continued Mr. Hall. "Science has shown us a way to separate the curative medicinal elements which exist in the cod's liver from the oil or useless part and given us Vinol. It contains every one of these medicinal elements actually taken from fresh cod's livers, but without a drop of oil or grease to nauseate and upset the stomach and retard its work. Vinol contains no sleeping drugs—everything in it is printed on every bottle."

"We have never sold in our store a medicine equal to Vinol to give strength and renewed vitality to the aged, build up the run-down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent."

"It is because we know so well the medicinal power of this new cod liver oil preparation that we freely offer to return the money in every case where it fails to give satisfaction." Frank D. Hall, Druggist.

SOME FACTS ABOUT NEW RIFLE RANGE

It Will Include Features, Eclipsing Any Other Range in the Country.

Adjutant General Hughes expects to have concluded the negotiations for the purchase of the land for the proposed new rifle range in Ottawa county, three miles from Port Clinton within the next three weeks. Only one landowner is holding out, having boosted the price of his land, and it may be necessary to take legal steps to appropriate this tract. The bill carries provisions for such action. Upon all the balance the state has options already.

There are approximately 100 acres in the tract desired, running south from the lake in a strip 1-2 mile wide. The plans for the range have all been outlined. Three ranges will be equipped, one 200 yards, one 400 yards and one 1,000 yards. In the equipment the most modern appliances will be utilized, so that Ohio's range will have advantage over any built in recent years.

Electric scoring devices will be one of these newer features, so that instantly may be known the result of any shot. Perhaps the most important feature, though, will be in the location of the range. The targets will lie due north from the firing line, and it will be possible to utilize the range all day without trouble from sun interference. This is a distinct advantage over Sea Grove, where before 10 a. m. it is impossible to fire with any satisfaction.

The lower half of the tract will be fitted up for a modern camp ground, and upon a strip of a dozen acres to the right of the range will be built a fine club house at the expense of the Ohio State Rifle Range association. Facing the club house will be one of the finest stretches of beach of white sand for a distance of 300 yards before getting beyond depth.

RAILWAY AFFAIRS

Record Schedule.
From Lima comes the statement that the Schoepf-Morgan syndicate, which now owns the Buckeye Lake and Apple Valley lines, holds the record for a regular fast time schedule. The El Wayne, Van Wert & Lima's through limited cars are scheduled and maintain daily a rate of 22 2-3 miles an hour. The fastest schedule made before this one went into effect was on the Western Ohio, which has maintained a schedule rate for about a year of 21 1-2 miles an hour. The Schoepf road has the advantage over the Western Ohio in being almost an air line.

Pan Handle Improvements.
It is expected that at the meeting of the board of directors of the Pan Handle at New York today an appropriation of from \$2,000,000 to \$2,500,000 will be made for improvements, principally on the Pittsburg division, this summer.

Part of this amount will be used in paying the Pan Handle portion of the cost of the overhead crossings to

be constructed in Pittsburg. The Pan Handle will also pay out of the amount its portion of the cost of constructing the third track between Columbus and Newark.

The principal work on the Pittsburg division will be cutting down the grade on the Tuscarawas hill just west of Dennison, so as to enable the heavier freight trains to be hauled over it with the present motive power. Considerable second track work is being done on the Indianapolis and Logansport divisions, which will be paid for out of the appropriation.

Steam vs. Interurban.
Steam railroads that have been paralleled by interurbans fear that a provision in the new state railway commission law will prevent them from meeting the rates of the interurbans on the sections of their lines where competition prevails. The provision forbids discrimination in favor of "localities."

Resigned Position.
Mr. Walter Styers has resigned his position as yardmaster at the B. & O. and his resignation took effect Tuesday evening. No one has been appointed to fill the vacancy. Mr. Styers has been yardmaster for a number of years and his absence will be deeply felt.—Mt. Vernon Banner.

No Retrenchment.
It is announced at the general offices of the Pan Handle that there will be no retrenchment on the Pennsylvania lines west of Pittsburg on account of the present coal strike.

AMUSEMENTS

"It has been generally supposed," said John W. Vogel, whose minstrel will be at the Auditorium April 18, "that an end man has very little to do or think about, and that all there was expected of him was a song or two, a few jokes and sallies, which had been cut and dried beforehand. But for the sake of justice let us compare the work of a comedian to that of a comic opera man. As a rule the latter has his libretto furnished him as well as his comic song to assist him, a merry chorus to aid and even trick properties and other scenic embellishments to help him along. On the other hand, 'Tambo' or 'Bones', as the case may be, has to sit in an ordinary chair and depend on his wit to entertain the audience, the only assistance he may receive is to come from the 'Middle Man' who does 'straight' business for him. He has also to furnish his own songs and songs and frequently change them on the spur of the moment. He must ever keep abreast of the times and up on the current topics of each locality in which the company may be playing and, as a rule, must keep busy originating new business, so that his sayings may not get chestnutty. Truly when one considers the originality and fecundity a comedian must possess, is it any wonder that the whisper has come around that an end man, like an afternoon speaker, keeps a scrap book?"

SARAH REINHARDT.
Much interest is being taken in the appearance at the new Memorial Hall in Columbus, next Saturday night of Miss Sarah Reinhardt, the great actress, who will appear as Candide. Seats ordered by mail or phone will be reserved in order of their application.

GRATIOT.
The Epworth League held an instructive meeting Sunday evening.

Prof. P. E. Breese attended the Republican congressional convention at Marietta last week.
Mr. L. C. Campbell, prominent in the commercial life of our town, was a Newark visitor Saturday.
Mr. Clyde Chappelle has gone to Newark to make that city his home for an indefinite time.
Miss Hazel Lawyer, all of pneumonia for several weeks, is rapidly improving.
Dr. Martin, together with Mr. and Mrs. Will Chappelle, were in Newark Saturday.
Mrs. Lescault, formerly of Zanesville, is now a resident of our village.
Rev. Mr. Wees of Brownsville conducted services at the M. P. church under the auspices of the ladies' bible society, an auxiliary of the M. P. church, a most pleasant and profitable meeting was enjoyed at the home of Mrs. George Chappelle, in East Main street last Tuesday evening.

The M. P. Sunday school held an election Sunday afternoon last at which the following able officers were elected: Superintendent, Prof. S. B. Holmes; ass't. supt., Mr. L. Harris; sec'y, Miss Helen Willey; ass't. sec'y, Miss Florence Bell; treasurer, Mrs. L. Harris; organists, Mrs. Howard Chappelle and Miss Lila Barn. This Sabbath school has been from every viewpoint highly successful, and under the management of the foregoing officers it cannot fail to continue so.

Mr. Elmer Campbell of Mt. Sterling was a visitor here Sunday.

Mr. and Mrs. James McQuigg were Sunday guests of Squire and Mrs. Hensley.

WORLD'S GREATEST DAM IS FINISHED

THE WORK REQUIRED FOUR-
TEEN YEARS AND COST
MILLIONS.

The New Work is Designed to Supply
Thirty Billions of Gallons
of Water.

New York, April 11.—After fourteen years of steady work and at an expense of \$7,700,000 the new Croton dam has been completed. Water is filling the enormous basin it makes of the once beautiful valley and hillsides of Croton River and early next month is expected to reach the level of the top of the spillway. When it does so there will be 31,000,000,000 gallons of water added to the supply for this city.

Adding a new wonder to the great engineering feats of the world, the new Croton dam stands easily foremost of works of that kind in its colossal masonry, in height, length, thickness and volume of water contained. It has no rivals. It is larger than the three great dams of Europe combined. They are the Vyrny dam in England, the Puyres in France and the Gilippe in Belgium. In Egypt the Assuan dam, built to control the irrigating floods of the Nile, is longer than the Croton dam, but it is more of a dike than a dam and is only 70 feet in height, against 304 feet of the Croton's wall.

Soon the once narrow Croton River will be a great lake, 2,000 feet across at the dam breast, filling the valley behind it for nearly twenty miles and spreading at Hunter's Brook to an extreme width of two miles. Three miles from the new dam is the old Croton dam, once regarded as a wonderful structure. When the waters have risen to the top of the new dam the top of the old Croton dam will be 33 feet below the surface. Below the new dam the great stretch of land in the valley belongs to the city. It has been graded, and will be made into a public park. Already the shops of the contractors there are being torn down.

The new dam is in three sections, the main dam extending 1,100 feet from the south side of the Croton Valley to a point where the spillway and the bridge span begin. The spillway curves away to the eastward and is 1,000 feet long. Following the straight line of the main dam is a steel arch bridge 200 feet long. Over this and the top of the main dam is a highway 21 feet wide. Under the bridge will flow the water after passing over the spillway.

When the present site was finally decided upon for the dam it was necessary to penetrate to the solid rock for a foundation. Borings through the surface earth found a disintegrated rock below, and it was not until a depth of 85 feet was reached that the solid rock was found. On this has been reared the dam, the most enormous mass of masonry in the world. It is 2,100 feet long from the south end of the main dam to the north end of the spillway. At its base it is 216 feet thick, and tapers towards the top, where it is 10 feet across the top of the spillway and 21 feet wide at the top of the main dam. The slope of the inner wall is very slight.

When the floods of early spring bring a great volume of water over the dam, it will be full of ice, giant blocks many tons in weight, which must be crushed as they drop from step to step below. To meet their shock and to reduce them to powder the big stone blocks were put in the face of the spillway.

When the water has risen to the top of the spillway and is flowing over it its surface will be 16 feet below the level of the highway which crosses the main dam and the bridge. The water will be 100 feet in depth at the dam. There 55 feet of water there now, and it is rising every day—faster since the heavy snow of Thursday.

In the fourteen years since ground was first broken for this dam the loss of human life there has been less than on any similar work in the history of such operations, according to Mr. Coleman. Men have been killed by premature explosions and other accidents, and once the force suspended operations on the dam, a strike, for three weeks the Seventh regiment was on duty at the dam. This was the only serious disturbance of the kind in the whole course of the work.

The Best \$2 and \$3 Hats are sold by Geo. Hermann, the Clothier. 10-21

SNOW BALLING

Will be Feature of Elks' Parade at
Denver in July—Big Time
Assured.

Denver, Col., April 10.—Snow balls in the summer time will be one of the features of the Elks' reunion to be held in this city next July. Sixty miles from Denver, on the new Moffat road, there are banks of perpetual snow lying beside the tracks, and quantities of this will be brought down when the great parade is passing through the streets of Denver, and the Elks will learn how it feels to

plunge their hands in cooling snow while the summer sun is blazing down upon their line of march.

The snow that remains in the mountains during the summer does not easily melt when taken to a lower altitude. It exists two miles above the sea level all summer long, and as Denver is one mile above the sea, there is plenty of snow with which to turn the great reunion of Elks into a unique festival, beside which the feast of Lucullus were only a picnic show. The Moffat Road is being built from Denver to Salt Lake City, Utah, and is now in process of construction, and this is the first time it has been possible to bring snow down to Denver for the purpose of making a recreation for visitors who come here from where the snow vanishes as soon as the breath of April touches it.

DR. W. O. THOMPSON

State University President, Will De-
liver Commencement Address,
Evening of June 7.

Dr. W. O. Thompson, president of the Ohio State University, has been selected to deliver the commencement address at the Auditorium on the eve-

DR. W. O. THOMPSON,
President of Ohio State University
and Member of Columbus
Board of Education.

ning of June 7. He is one of the best orators among the school men of Ohio, a profound thinker and logical reasoner. He will discuss the living educational problems of the day and the Auditorium should be crowded to the limit to hear him. Dr. Thompson is a former Licking county man, his boyhood days having been passed at Brownsville.

SUPPER AND SALE

The ladies of the First Congregational church will serve supper in the church parlors on Thursday, April 12, beginning at 5 o'clock. Supper 15 cents, ice cream and cake 10 cents. Useful articles will be on sale. Everybody is invited.

A SOLDIER BOY AND HIS BURDEN

Government Ideas Lighten "Dough
Boy's" Load Seven Pounds in
Past Ten Years.

Leavenworth, Kas., April 11.—For years, or, in fact, ever since the civil war, the War Department has been experimenting with different kinds of metal for the purpose of reducing the weight of articles that have to be carried by the infantry soldier in the field. The cavalry arm until a few years ago was the favorite one with the recruit, because he had a horse to carry his impedimenta, while the infantryman is forced to carry his

Soldier in Heavy Marching
Equipment.

sole belongings and all equipment suspended from his shoulders or his waist. In the adoption of the blanket roll to take the place of the old knapsack and the choice of aluminum for dishes the government has relieved the infantryman of seven pounds within the last ten years, yet he still considers himself a human pack animal.

In heavy marching order the infantryman is supposed to have everything belonging to him, or all the War Department permits him to own, upon his body. He practically has his trunk upon his back. The government has now adapted the blanket roll, such as shown in the illustration, and which is used by the Russian troops in the field. In the war with Japan,

SECOND NUMBER OF FESTIVAL

WAS REHEARSAL OF HAYDN'S
ORATORIO ON TUESDAY
EVENING.

The Work as a Whole Deserves Much
Praise and Little Criticism
from Musical Point.

A fair sized audience greeted the performance in "The Creation" at the Auditorium last evening, and considering the work of the soloists, chorus and orchestra in general, the effort may be considered a grand success for the Festival movement.

The impressive work of the great composer, Haydn, was rendered with beauty and effect, the choruses and the orchestra being especially well directed by Prof. Judson. The wonderful chorus, "The Heavens are Telling" was rendered with beautiful effect, although through all the ensemble numbers the volume of the immense choruses was somewhat diminished by the singers being placed so far in the rear of the proscenium arch of the theater.

The feature of the evening was the excellent work of the soloists. Probably the most appreciated and most artistic was the style of William Harper, the basso. He sang with a strong rich quality, and possessed absolutely faultless control. Next in order came the soprano, Jeanette Fernandez, also of New York. Her technique as exhibited in several instances, was excellent. She possesses a sweet, mellow voice which shows a great amount of careful training, combined with a natural knowledge of style and expression. Leslie K. Chilton, the tenor, while not showing a great amount of power in his voice, sang with beauty and clarity of tone. His last number was sung especially well. The orchestra, which, by the way, was one of the best amateur organizations, considering its number, that the city has had the pleasure of hearing, played admirably, under the able direction of Prof. Judson.

The success of the Festival so far this year is very gratifying and the growth of real music interest in Newark is only a matter of a short time judging from the present outlook. Newark and Granville have a fitting compliment to the music talent, by the success of the Festival of this year as well as that of last.

Dentistry Robbed of Its Sting

Some people dread the dentist's chair. To hear them talk it possesses horrors unheard of. We learned this from persons who had been elsewhere. From others who had talked to persons whose teeth had been treated elsewhere.

Those who come to us frequently express the greatest surprise at the ease with which we perform our work and the degree to which we have succeeded in reducing the pain and inconvenience to those whose teeth we are treating.

No need for the most nervous person to dread coming here, either for extracting or filling. All our work is guaranteed.

Developed and Conducted on Conservative Lines.

THE LICKING COUNTY BANK AND TRUST CO.

Has gained each day in strength, in scope and in the confidence of the public, and to that end invites the patronage to which it believes it has proven itself entitled.

WE PAY 4 PER CENT INTEREST

W. N. Fulton, Pres. Carl Good, Asst. Sec.
E. W. Crayton, V. Pres. W. Gard, Sec. and Treas.
